General Information

Radford University is a coeducational, comprehensive public university with highly diverse curricula in undergraduate and graduate programs. Undergraduate majors include 105 program options in the Colleges of Arts and Sciences, Business and Economics, Education and Human Development, Health and Human Services, Information Science and Technology, and Visual and Performing Arts. The College of Graduate and Extended Education offers 38 programs of study at the master’s and specialist levels. These programs provide advanced and specialized courses of study, supervised practicum experiences and opportunities for research. The university has an outstanding nationally recruited faculty, 83 percent of whom hold doctorates or other terminal degrees in their teaching fields. While their primary focus is on the teaching and learning process, the faculty also is engaged in significant scholarly, creative, and public service activities.

Radford University is located in the city of Radford (population 16,500), 36 miles southwest of Roanoke, Va., on Route 11 and I-81 in the New River Valley, close to the beautiful Blue Ridge Mountains of Virginia. The university atmosphere is residential. Most students live in university residence halls or in private apartments and houses within walking distance of the campus. The university grounds and facilities are conveniently arranged, beautifully maintained, and effectively designed to meet the academic, personal and extracurricular needs and interests of the students.

Mission

Radford University serves the Commonwealth and the nation through a wide range of academic, cultural, human service and research programs. First and foremost, the university emphasizes teaching and learning and the process of learning in its commitment to the development of mature, responsible, well-educated citizens. RU develops students’ creative and critical thinking skills, teaches students to analyze problems and implement solutions, helps students discover their leadership styles, and fosters their growth as leaders. Toward this end, the university is student-focused and promotes a sense of caring and of meaningful interaction among all members of the university community. Research is viewed as a vital corollary to the teaching and learning transaction as it sustains and enhances the ability to teach effectively. Radford University believes in the dynamics of change and has a strong commitment to continuous review, evaluation and improvement in the curriculum and all aspects of the university, so as to meet the changing needs of society.

History

Radford University was established by the General Assembly as the State Normal and Industrial School for Women in 1910 and has been in continuous session since its 1913 opening. The university became Radford State Teachers College in 1924 and was authorized to award the Bachelor of Arts degree in 1935. In 1944, the university was consolidated with the Virginia Polytechnic Institute as its Women’s Division and renamed Radford College. The General Assembly severed the formal affiliation of Radford College with Virginia Tech in 1964, and an autonomous administration was established for Radford College. The college also was authorized to grant the Master of Science degree. In 1972, after almost 60 years as an all-women’s college, Radford became coeducational and in 1979 was granted university status by the General Assembly.

Today, Radford University is a coeducational, comprehensive institution with undergraduate and graduate programs. In the last 20 years, enrollment has increased dramatically. Enrollment for the fall of 2004 was 9,331.

The Campus

The university’s 177-acre campus is in a residential section of the city of Radford. Most of the university’s 20 administrative, academic and student service buildings and 15 residence halls are located on two large quadrangles in a 76-acre area.
Radford’s recreation and convocation complex, the Dedmon Center, which was completed in the fall of 1981, is located on a 78-acre tract of land along the New River across U.S. Route 11 (East Main Street) from the main campus. The Dedmon Center, which seats about 5,000, is one of only a dozen structures in the nation with an air-supported fabric roof.

Natural forest growth, unusual rock formations, the surrounding hills and the New River provide a scenic setting for the university. Radford is not completely immune to the extremes of summer and winter weather, but the climate is basically temperate, with hot days and cool nights in the summer and cool to cold weather in the winter. Fall and spring months in the Appalachian Highlands bring some of the most enjoyable weather to be found anywhere on the East Coast. Points of interest to the visitor of Radford and the surrounding areas include Claytor Lake and the scenic Blue Ridge Parkway, which is 45 minutes from the campus. Claytor Lake, located off Interstate 81 in Pulaski County, offers picnicking, camping, boating, swimming, and hiking areas.

In addition to Radford’s main campus, the Radford University Foundation owns a 376-acre tract of land known as the Selu Conservancy. The land, which borders the Little River and is located about five miles southeast of the campus, was received in two separate donations. John H. Bowles donated the original 185 acres in the fall of 1989; four additional members of the Bowles family donated 191 acres of adjacent land in the spring of 1991. Through various campus departments, students are able to use this continuous tract in studies of ecology and botany, mapping geological features, as a model in resource management and maintenance formation on actual building techniques as well as cultural and oral histories. In addition to its educational opportunities, the conservancy offers a glimpse of Southwest Virginia’s distinctive landscape and resources.

Facilities include conference and meeting facilities which are uniquely designed as part of The Barn and Observatory at Selu. The Barn serves as a research center and observatory. The first floor is a science laboratory and the second floor contains meeting rooms and classrooms. The Selu Observatory, which adjoins the The Barn, is designed to resemble a Silo. The Farmhouse at Selu, an “authentic replica” of a 1930s homestead, is now under construction at Selu. Reservations are required for use of facilities at Selu Conservancy.

**Highlander Theme**

The influence of the Scottish immigrants who settled Southwestern Virginia more than 300 years ago is visible today in many areas of the university. These people were characterized by “firmness of decision, resourcefulness, ardor in friendship, love of country and a generous enthusiasm.” Radford’s athletic teams celebrate that heritage by proudly carrying the Highlander name into competition.

In the spring of 1978, the university adopted as its school colors the red, navy and forest green woven into tartan plaid. From the plaid comes the name of the student newspaper, *The Tartan*.

**Accreditation and Memberships**

Radford University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award bachelor’s, master’s, and educational specialist degrees.

Staff members work in close collaboration with university faculty and external groups to design, promote and coordinate a wide array of professional development learning opportunities such as workshops, conferences, and non-credit programs. These programs are offered with open enrollment, based upon the sponsor’s program format.

For more information, contact the Director of Continuing Education and Conference Services at (540) 831-5845.

NON-DISCRIMINATION POLICIES
Radford University does not discriminate with regard to race, color, sex, sexual orientation, disability, age, veteran status, national origin, religion, or political affiliation in the administration of its educational programs, activities, admission or employment practices. Inquiries may be directed to the Director of Human Resources at 704 Clement Street. Telephone: voice, (540) 831-5421; hearing impaired, (540) 831-5128.

The university has adopted policies to provide for prompt and equitable resolution of discrimination complaints. The Discrimination Complaint Procedure describes the grievance procedure for individuals who have experienced discrimination. The Sexual Harassment Policy further defines sex discrimination by including examples of sexual harassment and a statement concerning consensual relationships between university employees and students. The Accommodation Procedure for Individuals with Disabilities confirms the university’s commitment to providing accessibility to its programs, ser-
vices and activities for individuals with disabili-
ties who are otherwise qualified and entitled to a
reasonable accommodation.

Individuals who believe they may have expe-
rienced discrimination, but are uncertain as to
whether a complaint is justified or whether they
wish to initiate a formal complaint may discuss
their concerns confidentially and informally with
the Executive Director of Human Resources.

Students may also consult a staff member at the
Center for Counseling and Student Development
or the Office of the Dean of Students.

Only acts of discrimination committed by uni-
versity employees in connection with their uni-
versity employment may be reviewed through
these policies and procedures. The term “em-
ployee” refers to any faculty, staff or any stu-
dent with a contractual employment agreement,
for example, Graduate Teaching Assistants. In
all cases of alleged sexual harassment in which
the violation is committed by a student, status as
a student is adjudicated by the University’s stu-
dent judicial system. Violations of the policy
prohibiting sexual harassment may lead to dis-
ciplinary actions, including reprimands, suspen-
sion, or termination of employment or academic
status.

Copies of the complete policy statements in-
cluding procedures for resolving complaints are
available in the Office of the Dean of Students,
Center for Counseling and Student Development,
and Department of Human Resources.

Teacher Licensure Pass Rates

In compliance with the 1998 amendments to
the Higher Education Act, Radford University
reports the pass rates for students who complete
programs leading to teacher licensure. The pass
rates for 2003-2004 (the last reporting year) are
as follows: 100% (170 students) passed the
Praxis I exams and 99% (145 of 146 students)
passed Praxis II. The state pass rates for 2003-
2004 were 99% on Praxis I and 98% on Praxis
II. The pass rates for Radford University students
for the previous year, 2002-2003, were as fol-
lows: 100% (225 students) passed Praxis I and
100% (50 students) passed Praxis II.

ADMISSIONS

It is the policy of Radford University to admit
students whose ability, preparation and charac-
ter indicate potential for success in the programs
of study offered. Radford University does not
discriminate in the administration of its edcu-
tional programs, activities, admission or employ-
ment practices.

Admission to Radford is selective and based
on a review of each applicant’s academic quali-
fications. Applicants are encouraged to apply
well in advance of the term in which they wish
to attend.

The university selects those students who
present the strongest qualifications in scholastic
achievement, aptitude for achievement in the
profession or specific field of study for which
the applicant seeks training, and performance in
extracurricular activities. Character and poten-
tial to contribute to the university community are
important criteria as well.

Admission of Freshmen

Specifically, students are selected on the ba-
sis of: (a) their high school records (course of
study, grade point average and rank in class); (b)
Scholastic Assessment Test I (SAT I) results or
American College Testing (ACT) exam results;
(c) an optional student essay; and (d) evidence
of interest and motivation as supplied through
related criteria.

To be considered for admission an incoming
freshman should complete a broad selection of
course work in high school. Most successful ap-
licants have taken: four units of English; four
units in college preparatory mathematics (mini-
mum math requirement for consideration in-
cludes the successful completion of Algebra I,
Geometry and Algebra II); three to four units in
foreign language; and four units in social studies,
including American history. Virginia residents
are encouraged to complete the Advanced Stud-
ies Diploma. It is strongly recommended that pre-
nursing students complete units in both biology
and chemistry.

Students who, for reasons beyond their con-
trol, have not graduated from an accredited high
school may be considered for admission provided
they pass the High School Equivalency Test ad-
ministered by the State Board of Education and
earn the General Education Development Cer-
tificate (GED). Additional material may be re-
quested by the Admissions Office.

Students of very unusual academic ability may
be considered for admission after they have com-
pleted their junior year of high school. Such stu-
dents must complete their junior year; take the
Scholastic Assessment Test I (SAT I) or the
American College Testing (ACT) exam; and
present documents from their high school and
parents supporting early admission.
College Board Test

The Scholastic Assessment Test I (SATI) given by the College Entrance Examination Board or the American College Testing (ACT) exam is required of all freshman applicants for admission to Radford. This test should be taken in the spring of the junior year in high school and not later than December of the senior year.

Students who score 670 or higher on the verbal section of the Scholastic Assessment Test I (SATI) will be exempt from ENGL 101, Introduction to Expository Writing. They will receive three hours of credit for this course and will begin general education course work in the “Communication” area (see page 64) with ENGL 102, Reading, Writing and Research Skills.

Application for Admission

A student desiring to enter Radford University should request an application from the Office of Admissions or apply online at www.radford.edu. A student will be notified of action taken on his/her application after all material is received. A complete application includes:

- An official application form completed and returned with a non-refundable application fee.
- An official transcript of high school work completed.
- Official results from the Scholastic Assessment Test I (SATI) or American College Testing Program (ACT).

Students who are offered admission as residence hall students must submit a resident contract and a resident hall and enrollment deposit. This deposit will be credited toward university expenses for students who enroll or may be refunded if requested in writing to the Admissions Office by May 1. After this date, the deposit is forfeited.

Students who are offered admission as commuter students must submit an off-campus student contract and an enrollment deposit.

This deposit will be credited toward university expenses for students who enroll or may be refunded if requested in writing to the Admissions office by May 1. After this date, the deposit is forfeited.

Students desiring to live on campus may indicate a roommate preference. Except for individuals meeting specific conditions (see p. 29); new freshmen must live on campus.

All students must submit completed medical history forms to the Health Services Center before enrolling.

INTERNATIONAL BACCALAUREATE POLICY

Radford University recognizes the advanced level of academic preparation demonstrated by the International Baccalaureate. Students entering Radford University with an IB Certificate will be awarded three to eight (3-8) semester hours of credit (up to 12 for Foreign Language) for each course completed at the Higher Level with a score of four through seven (4-7).

In addition, to the higher level, subsidiary level courses with scores of five (5) or higher will be considered in the awarding of credit for those students who have completed the IB diploma. Students who complete the IB Diploma have the opportunity to earn up to 30 semesters of credit. Credits granted for individual IB courses or completion of the IB Diploma are shown as transfer hours on the official Radford University transcript and are included in the hours completed toward a degree.

DUAL-ENROLLMENT CREDIT

Students may receive credit for college courses taken to meet high school requirements. These credits may be applied toward a Radford University degree program. An official college transcript must be provided in order for credit to be awarded.

CAMPUS VISITS

Students are encouraged to schedule a visit to Radford University. The Admissions Office is open Monday through Friday from 8 a.m. to 5 p.m. and admission counselors are available during these hours. Tours of the campus are conducted Monday and Friday at 10 a.m., 12 noon and 2 p.m., and Tuesday through Thursday at 10 a.m., and 2 p.m. The office is also open on most Saturday mornings with tours at 10 a.m., 11 a.m. and noon. Please note that office hours and tours are adjusted during the summer months and students should contact the office prior to visiting campus.
RETENTION AND GRADUATION RATES
Of the full-time bachelor’s degree-seeking students who enrolled at the university in the fall of 2003, 76 percent returned for Fall 2004. The six-year graduation rate is 58 percent.

APPLICATION OF SPECIAL STUDENTS
Special students are those students not matriculated in a degree program at Radford University. Special students may attempt up to 24 semester hours of credit in this classification. Once they have attempted 24 semester hours, they are required to meet with a representative of the Office of Admissions to receive advice and to determine the purpose of continuing in this category. A minimum grade point average of 2.0 is required to continue as a Special Student.

Students meeting one of the following conditions will be considered special students and must file a “Permission to Register” form through the Office of Admissions. Registration opportunities for all special student populations will occur after all degree-seeking students have registered and is restricted to the first day of class through the conclusion of the add/drop process for the fall and spring semesters. Special population students may register for summer classes during the same time frame as standard degree seeking students.

Transient Student: A degree candidate student at another college may enroll in courses at Radford University without submitting official transcripts, but must provide a letter of permission from the “home” institution.

High School Student: A high school student who wishes to take a college level course may, upon written approval from the high school and permission by the Admissions Office, take a class at Radford University. Students must submit an official high school transcript.

Non-degree Student: A student who wishes to register for undergraduate courses without pursuing a degree may register as a non-degree student. Non-degree seeking students are restricted from registering for classes until the first day of the semester. A student desiring to switch to a degree candidacy status must apply through the Office of Admissions. Students desiring to switch to degree candidacy are cautioned that hours earned while in the special non-degree student status may or may not apply to a major program, depending on the degree requirements. Students who have been in a degree-seeking status and have been suspended from the university may not apply for readmission as a special non-degree student.

Senior Citizens: Under the terms of the Senior Citizens Higher Education Act of 1974 as amended, eligible Virginia residents over 60 years of age with a taxable income of less than $15,000 are entitled to enroll in courses offered for academic credit on a space available basis without payment of tuition and fees. Tuition, however, may be charged for courses designed exclusively for senior citizen groups.

TRANSFER STUDENTS
Students wishing to transfer to Radford University from an accredited* college or university should send an application form and the non-refundable application fee to the Admissions Office. Transcripts from all previous colleges attended must be sent whether or not transfer credit was earned. Concealment of previous attendance at a college or university is justification for cancellation of admission. If the student has been out of school for any extended period of time, other than for school breaks, a letter of activities must be submitted with the application. In addition, if fewer than 30 semester hours have been completed, the student must submit a final high school transcript and SAT 1/ACT results. The high school performance will be considered as part of the admission process and prospective students must meet the freshman admission guidelines. Transfer students must also send their high school transcript if they have not successfully completed a transferable college level math course.

A transfer student must have at least an overall 2.0 (on a 4.0 scale) grade point average on all work attempted to be considered for admission. Radford University does not award +/- grades. However, students sometimes transfer to Radford from institutions that do so. Only courses passed with a grade of “C” or higher will be considered for transfer credit. Consequently, grades of “C-” or lower are not accepted. Radford University does not give transfer credit for education courses completed at two-year colleges. No fewer than 45 semester hours must be taken at Radford University to be eligible for graduation. A minimum of 30 of the last 39 hours of credit required for a degree must be taken at Radford University. As a minimum, 120 semester hours are required for graduation.

Students wishing to transfer into the Nursing Program must indicate this major preference on the application for admission. To be considered
for upper division nursing, transfer students must also submit a nursing application to the School of Nursing before Dec. 15.

* Radford University will consider for transfer credit only those credits earned from a regionally accredited college or university as recognized by the US Secretary of Education and the Council of Higher Education (CHEA), as well as the Council on Postsecondary Accreditation (COPA/CORPA) or the Council of Higher Education Accreditation (CHEA).

Second Bachelor’s Degree Student (First Degree Earned from an Institution other than Radford University)

A student who holds a baccalaureate degree from an accredited U.S. institution and who wishes to take undergraduate work toward a second baccalaureate degree in another major must have official transcripts of work completed from all colleges attended sent to the Admissions Office.

Second bachelor’s degree students must complete all requirements for the second degree. Students must complete no fewer than 45 semester hours at Radford University. These hours must be beyond the minimum number of hours required for the first degree. Students may earn two B.S. degrees, two B.A. degrees, or a B.S. and a B.A. degree simultaneously or separately. The term “degree” refers only to official state approved degree authorizations and not to programs offered as options under these degrees.

Second Bachelor’s Degree Student (First Degree Earned at Radford University)

A student who holds a baccalaureate degree from Radford University and who wishes to take undergraduate courses toward a second baccalaureate degree in another major must complete all requirements for the second degree. Students must complete at least 30 additional credits at Radford University and must meet all requirements of the second degree and major. These hours must be beyond the minimum number of hours required for the first degree.

The GPA from the first degree is frozen and the GPA will start over for the second degree. Courses taken in the second degree cannot affect the GPA of the first degree, and a student cannot earn credit in the second degree for any course credits earned in the first degree. The number of repeats and withdrawals allowed will start over for second-degree students. The student must earn 60 credits beyond the first degree to qualify for graduation with Latin honors.

Completing an Additional Major or Minor After Earning an RU Bachelor’s Degree

Students who have already earned a degree from Radford University and who are not enrolled in a graduate program may return and fulfill the requirements for another major and/or minor. These students must apply for readmission and declare the appropriate major/minor on the application form. Students who return to Radford University to complete another major or minor (not a degree) must successfully complete only the requirements for that major/minor. However, students must meet the 2.00 minimum grade point average requirement in courses in which they enroll after their return. Once a student graduates from Radford University with a Bachelor’s Degree, the GPA is frozen and the student’s academic record starts over.

It is the student’s responsibility to notify the Registrar’s Office of the completion of additional requirements by filling out a Completion of Additional Major/Minor form. Once this form has been received, the Registrar’s Office will confirm completion and add the additional major and/or minor notation on the student’s permanent record (transcript). Students who have completed an additional major/minor are not eligible to participate in the commencement ceremony, nor will they receive a second diploma. Students who hold a bachelor’s degree from another college or university are not eligible to complete only an additional major/minor at Radford University.

State Policy on Transfer

To encourage the transfer of students from the Virginia Community College System to Radford University, the State Policy on Transfer has been embraced by Radford University, effective Fall 1993. A student who transfers to Radford University from a Virginia Community College will be considered to have satisfied Radford’s general education requirements if any of the following is met:

a. the student has by the time of transfer earned an Associate Degree from a Virginia community college based on a baccalaureate-oriented sequence of courses (i.e., the Associate of Arts, Associate of Science or Associate of Arts and Science); or

b. the student is able to earn such a degree by successfully completing at a Virginia community college courses remaining for the Associate Degree concurrently with the first semester of enrollment at Radford; or
c. the student will earn an Associate Degree as a result of credit earned during his or her first semester of enrollment at Radford, up to a maximum of 10 hours.

Students who do not meet any of these criteria must complete Radford’s course-specific general education requirements.

The transfer degrees accepted as satisfying General Education at Radford University are the Associate of Arts, Associate of Science and the Associate of Arts and Science.

Transfer credit evaluations are performed by the Office of Admissions. Questions concerning transfer credit may be directed to this office.

Community college students completing the Transfer Module will receive credit toward completion of Radford’s general education requirements. Credits earned with a grade lower than “C” will not transfer to Radford University. Refer to the Radford University Transfer Guide (copies available from the Office of Admissions) for more detailed information concerning the State Policy on Transfer.

**Disciplinary or Criminal Offenses**

Undergraduate, graduate and students seeking readmission who have disciplinary records at their previous institution or who have a criminal record will be reviewed by the Special Admission Committee. Non-disclosure or falsification in the reporting of disciplinary and/or criminal offenses on the Readmission Application will result in automatic denial.

A one time $200 Matriculation Fee is charged to all new undergraduate students the first semester the student enrolls.

Every effort is made not to change fees after they have been published; however, if this should become necessary, all students will be notified prior to the semester in which the increase goes into effect. Refer to the RU Web page for the most up-to-date information: www.radford.edu.

For information about graduate fees and expenses, consult the Radford University Graduate Catalog.

## In-State Tuition Eligibility

All students who wish to apply for in-state tuition rates must submit the appropriate application form prior to the first day of classes for the term they are seeking in-state status. The form is available in the Office of Admissions. Copies of Section 23-7.4 of the Code of Virginia, the law governing eligibility for in-state tuition, are available in the Reserved section of McConnell Library or accessed on the world wide web at www.schev.edu. It is the responsibility of the student to apply for a change in domiciliary status.
New Student Enrollment Deposit
Upon notification by the Office of Admissions that they are tentatively accepted for enrollment, new students must submit an enrollment deposit. Residential students must sign a residential student agreement and pay a $400 fee. Off campus students must sign an off campus student agreement and pay a $200 fee. The enrollment deposit is credited to the student’s account and is not an extra charge. The deposit is refundable if a written request is received by the Office of Admissions before May 1. After May 1, the deposit is forfeited.

Residential Student Agreement
Currently enrolled students who expect to return to Radford University as residence hall students for the next fall semester are required to sign a residential student agreement and pay a $200 deposit according to procedures published during the spring semester. The deposit is credited toward charges for room and board for the fall semester and is not an extra charge. The residential student agreement outlines the procedure for partial refund of the room deposit fee for returning students.

FEES

Application Fee
A non-refundable application fee is required of each student (whether commuting or residential) who is applying for enrollment for the first time as an undergraduate student. The fee must be submitted with the completed formal application.

Late Fee
An extra fee of 10 percent of the balance or $75 (whichever is less) is charged to all students who pay tuition/fees or room/board after the payment deadline.

Overload Fee
An overload fee will be charged for each additional hour over the full-time academic load. A full-class load at Radford is no more than 18 hours per semester. The overload fee is based on the semester-hour charges for part-time students.

Summer Session Fees
The cost for summer sessions will be based on the semester-hour charges for students. Room and board will be available.

Applied Music Fee
An applied music instruction fee is charged at the rate of $200 per credit per semester. Applied music fees may be waived for level system applied lessons with the approval of the Dean of the College of Visual and Performing Arts for students majoring in music, and students registered in Department of Music ensembles and studying in a performance medium relevant to their ensemble participation. Fee waivers do not apply for MUSC 107, 169, 170, 470 and 670.

Special Fee for Bowling Classes
Bowling classes require a special fee of $45.

Responsibility for Payment of Tuition and Fees
Payment of tuition, fees, and other charges owed to Radford University is the responsibility of the student. Billing statements will be mailed to the student at the permanent address on file with the university. If a student wishes to designate a billing address he/she may do so with the Registrar’s Office.

Unpaid Tuition Fees or Fines
Failure to pay tuition and fees could result in administrative withdrawal from the university. The Code of Virginia allows the university to recover attorney’s fees, late fees and collection costs associated with delinquent accounts. The university reports past due accounts to a credit-reporting bureau. The university will hold transcripts, diplomas and will block registration for future semesters for students who fail to pay tuition, fines or damages. Collection agencies may also be used by the university to collect unpaid balances.

New Student Matriculation Fee
A one-time fee of $200 has been instituted to support programs and services for entering full-time undergraduate students (new freshman and transfer students). The matriculation fee covers the cost of students attending Quest, Radford University’s summer orientation program, as well as any other orientation and academic advising session provided prior to students entering Radford University. Beyond the orientation programs, the matriculation fee supports extended orientation events sponsored during the opening of school, special speakers, residence hall events, and programs designed to help new students find academic success.
REFUND OF CHARGES

It is the university’s policy to hold the enrolled student liable for charges incurred; therefore, refund checks will be issued in the name of the student.

Withdrawal From One Or More But Not All Courses

A student who withdraws from a class by the census date will be credited the difference in tuition and fees for the reduced number of credit hours, if any. After the census date, there will be no reduction.

Withdrawal from the University (All courses)

A student who officially withdraws from the university on or before the census date will be refunded all tuition and fees; all room charges less a $200 administrative fee; all board charges (meal plan) less a $200 administrative fee. After the census date through the last day to withdraw from a course with a grade of “W,” a student will be refunded the unused portion of board (meal plan) or the board (meal plan) amount paid less a $200 administrative fee, whichever is less. After the last day to withdraw from a course with a grade of “W” there will be no refund.

Exception to the withdrawal procedures may be granted upon recommendation of the Center for Counseling and Student Development in cases of documented medical or other non-academic reasons.

Return of Title IV Federal Financial Aid

This policy governs all federal grant and loan programs (Pell, Stafford loans, SEOG SUCCESS Grant, Perkins and PLUS loans), but does not include the Federal Work-Study program.

The law assumes that a student “earns” approved (verified) federal financial aid awards in proportion to the number of days in the term prior to the student’s complete withdrawal. If a student completely withdraws from school during a term, the school must calculate, according to a specific formula, the portion of the total scheduled financial assistance that the student has earned and is therefore entitled to retain, until the time that the student withdrew. If a student receives (or the university receives on the student’s behalf) more assistance than he/she earns, the unearned funds must be returned to the Department of Education or to the Federal Stafford or parent’s Federal PLUS loan lenders. If a student’s charges are less than the amount earned, and a refund is due, the student may be able to receive those additional funds. Students who have not completed the verification process are ineligible to receive any financial aid.

The portion of the federal grants and loans that the student is entitled to receive is calculated on a percentage basis by comparing the total number of days in the semester to the number of days that the student completed before he/she withdrew. For example, if a student completes 30 percent of the semester, he/she earns 30 percent of the approved federal aid that he/she was originally scheduled to receive. This means that 70 percent of the student’s scheduled or disbursed aid remains unearned and must be returned to the Federal Programs. This policy governs the earned and unearned portions of the student’s Federal Title IV Financial Aid only. It determines how much, if any, the student and/or the school may need to return. This policy does not affect the student’s charges. The University’s Withdrawal Policy (stated above) will be used to determine the reduction, if any, in the student’s tuition and fee or room and board charges. The student is responsible for paying any outstanding charges to the university.

The student’s official withdrawal date for the purpose of federal financial aid will be determined by the university as 1) the date the student began the university’s withdrawal process (the date that the student officially notified the advising center of his/her intent to withdraw); 2) the midpoint of the semester if the student withdraws without notifying the university; or 3) the student’s last date of attendance at an academically-related activity as documented by the university.

If it is determined that a portion of the financial aid received on the student’s behalf is unearned, the university shares with the student the responsibility of returning those funds.

Any grant funds that the student is required to return to the Federal Programs are considered an overpayment. The student must either repay the amount in full or make satisfactory payment arrangements with the Department of Education to repay the amount. If the student fails to repay, or make payment arrangements, to repay an overpayment the student will lose his/her eligibility to receive future federal financial aid at any institution.

Refund Policy for State and Institutional Aid

The policy will affect students who completely withdraw from all classes in a semester and who are receiving State or institutional financial assistance. It does not apply to students...
who withdraw from some, but not all classes within a semester. All financial programs are covered under this policy. RU Grant, VGAP funds, State Student Loan, Last Dollar and VTG MUST be reduced to tuition costs only before any further refund is considered. Funds from the Virginia Teaching Scholarship Loan Program must be returned to this program in full.

**Enrollment Deposit Refunds**

Students who are offered admission as a residential student must submit a $400 housing and enrollment deposit. Commuter students are required to submit a $200 enrollment deposit. Students who choose not to enroll can receive a refund of the enrollment deposit upon request before May 1. After that date, the deposit is forfeited.

**FINANCIAL SERVICES**

**Banking Facilities**

Three banks are located near the Radford University campus: SunTrust Bank, Wachovia and BB & T. In addition, the city is serviced by First National Bank, Blue Ridge Bank, Bank of America, and National Bank. SunTrust Bank, Wachovia, and First National Bank operate automatic teller machines on campus.

Checks presented by Radford University students are accepted by the university subject to the following limitations and policies:

The university accepts checks for tuition/fees, room and board, the exact amount of goods or services and fines owed to the university. The Post Office accepts checks and RU Express cards for the amount of purchase.

- The university bookstore will cash checks between $5 and $25. A service charge of 50 cents will be assessed for each check cashed.
- Checks written directly to a student by the Commonwealth of Virginia or by Radford University may be cashed at the bank indicated on the check or at a bank where the student has an account.
- A student who knowingly writes a check with insufficient funds in his or her checking account may be charged with an honor code violation and may be prosecuted under the criminal law of the Commonwealth of Virginia.
- If a check written for tuition/fees or room and board is returned from the bank for any reasons, future tuition/fee or room and board payments may be required to be made with cash, money order, certified check or cashier’s check, and the student may be administratively withdrawn from the university. In addition, the student will be assessed a $25.00 service charge and a late fee of either 10 percent of the amount of check or $75 (whichever is less) if applicable.
- A student may be blocked from registration and transcripts may be held if a check is returned from the bank and remains unpaid.
- A service charge will be applied to all checks returned from the bank for any reason.

**Financial Aid**

Helping qualified students who would be unable to attend the university because of a lack of funds is the aim of Radford’s financial aid program. During the 2004-2005 academic year, Radford provided some form of aid for approximately 70 percent of its students. Primary responsibility for funds for education belongs to parents and students. The difference between the family contribution and the cost of attending the university determines the financial need of the student.

The criteria used for selecting student aid recipients involve both the computed need and the academic progress standing of the individual student. Top consideration for awarding financial aid dollars will be given to those who demonstrate the greatest need, who have valid applications submitted by the deadline, and who are admitted to Radford by the deadline. Should funds not be available to meet all these needs, the aid will be prioritized by need among eligible applicants.

After a student has been admitted to Radford and has demonstrated financial need, the university tries to meet that need by offering a financial aid package, which may consist of a scholarship, grant, loan and/or on-campus job. In addition to awards based on demonstrated financial need, scholarships based on leadership, character and academic achievements are offered at Radford. Sources of financial aid include loans and grants from the federal and state governments, as well as numerous private funds established through the Radford University Foundation. For additional information, refer to the RU Financial Aid web site: [http://www.radford.edu/~finaid](http://www.radford.edu/~finaid).

**Applying for Financial Aid**

To determine need in a consistent way for aid applicants, Radford suggests that parents or independent students seeking financial aid submit a completed Free Application for Federal Stu-
dent Aid (FAFSA) by March 1. Forms and further information about the needs analysis system may be obtained from high school guidance counselors, the Financial Aid Office, or the Radford University Financial Aid website at: http://www.radford.edu/~finaid

Currently enrolled students may obtain FAFSA booklets from the university’s Financial Aid Office, complete the Renewal FAFSA mailed to them by the Federal Processor or complete the FAFSA through the web at: http://fafsa.ed.gov/

The FAFSA for renewal students should also be filed by March 1.

Radford awards financial aid separately for the academic year and the summer terms. Undergraduate students who plan to be enrolled during the summer must submit a separate university summer Financial Aid Application. The Free Application for Federal Student Aid form, however, needs to be completed only once annually and is effective for both the academic year and the following summer sessions.

Disbursement of Financial Aid

All types of financial aid are credited to the student’s account at the beginning of each term with the exception of work-study and some loans. These financial aid funds must be used first to pay the required university charges outstanding at that time. All awards will be disbursed equally over the course of the two academic semesters unless the student applies for only one term. Financial assistance awarded for the summer terms will be indicated for the specific term.

Radford University began participating in Electronic Funds Transfer (EFT) of Federal Family Education Loan funds (Stafford and Unsubsidized Stafford) during the Spring Semester, 1995. This option of disbursing loan proceeds was an additional service that the university was able to offer its students. Stafford borrowers, as well as parent borrowers using the PLUS (parent) Loan Program, were able to participate in the EFT process for the 2000-01 academic year for the first time. Financial aid applicants will receive information with their award package regarding this service.

Refund of Excess Financial Aid

If a student’s Stafford Loan funds are received electronically he/she may have the excess aid deposited into his/her checking or savings account. If this option is not chosen, a refund check will be mailed to the student’s local address. If PLUS Loan funds that are received electronically, remain as excess on a student’s account, with parent permission, the balance can be electronically deposited into the student’s checking or savings account. If this option is not chosen, a refund check will be mailed to the student’s local address.

Satisfactory Progress

Financial aid awards are conditional on students maintaining satisfactory progress in their course of study according to academic and progress requirements. Satisfactory progress for financial aid purposes requires a 2.0 cumulative grade point average and progress toward a degree. Additional progress requirements exist for the state financial aid programs. For Financial Aid Recipients, the policy can be obtained from the RU Financial Aid Office or from the RU Financial Aid website: www.radford.edu/~finaid/sap.html

The academic progress of students who fail to meet the minimum standards will be reviewed each semester of the school year. At that time financial assistance may be awarded, if available, to those students who improve satisfactorily.

Class Standing

Students who wish to receive funds from the Federal Stafford Loan Program or the Federal Parent Loan for Undergraduate Students (PLUS) program will have their class standings determined at the beginning of the semester in which they are applying for financial assistance. Students with 26 semester hours will be classified as sophomores, with 56 semester hours as juniors and with 86 semester hours as seniors.

Rights and Responsibilities of Student Recipients

As a recipient of state or federal aid, each student has certain rights and responsibilities. Knowing what they are will place the student in a better position to make decisions about educational goals and how they best can be achieved. If at any time there are questions about financial aid, students should come to the Financial Aid Office where there is additional information available concerning their legal rights and responsibilities.

The student has a right to know:
• the total cost of attending Radford University for an academic year, including tuition and fees and estimated costs of personal expenses, books, and transportation;
• the due dates for mandatory fees and the payment procedures for those receiving financial assistance;
• the deadline for submitting applications;
• how the financial need was determined;
• how much of the estimated financial need has been met;
• the types of financial aid offered by Radford University and the terms of those types of aid which were received;
• how satisfactory academic progress is measured; and the university refund policy for students who withdraw.

The student is responsible:
• for submitting honest and accurate information concerning enrollment and family financial circumstances (full-time status is defined as 12 semester hours for undergraduate students unless otherwise);
• for adhering to all agreements signed in the course of applying for and receiving financial assistance;
• for reporting a change to less than full-time enrollment during the award period;
• for reporting promptly to the Financial Aid Office the receipt of scholarships, grants or loans awarded by organizations or agencies other than Radford University;
• for becoming familiar with the deadlines for application, the terms of financial aid received and refund policies for students who withdraw;
• for knowing the loan repayment responsibilities and abiding by the terms of the promissory note; and
• if awarded student employment, for performing the job in a satisfactory manner. An unsatisfactory performance may result in removal from the work program.

SCHOLARSHIPS AND GRANTS

Federal Pell Grants
Authorized by the 1972 Higher Education Act, this program operates under the assumption that needy students are entitled to a certain amount of federal assistance while pursuing an undergraduate degree. The eligibility for an award is determined by a formula consistently applied to all applicants, the cost of attending the institution and the student’s part-time or full-time enrollment status. For the 2004-2005 academic year, grants ranged from $400 to $4,050. Application can be made by filing a Free Application for Federal Student Aid (FAFSA) Form.

Supplemental Education Opportunity Grants
These grants, awarded under a federal aid program, are available to any student who has financial need and is progressing satisfactorily toward a degree. The grants range from $200 to $4,000 per year with no limit placed on the maximum cumulative award.

Virginia College Scholarship Assistance Program
The College Scholarship Assistance Program (CSAP) is a need-based program of grants to students enrolled in Virginia colleges and universities. Virginia resident undergraduates who are enrolled on at least a half-time basis are eligible for consideration. Priority is given to full-time enrolled students. Awards range from $400 to $2,000 per year.

Radford University Grant
A scholarship recipient must be a legal resident of Virginia, have an established record of good character and citizenship and demonstrate financial need. The value of these scholarships may vary according to the student’s need, not to exceed the cost of tuition and required fees.

Virginia Guaranteed Assistance Program
The Virginia Guaranteed Assistance Program (VGAP) is a state-funded scholarship program restricted to financially needy Virginians who graduated from a Virginia high school with a 2.5 or higher grade point average. Awards may not exceed the costs of tuition and fees, and a $650 books and supplies allowance. Awards during the 2004-05 academic year ranged from $1,086-$3,300 per student.

Radford University Foundation, Inc. Scholarships
Merit and need-based academic and athletic scholarships are awarded annually to both incoming and currently enrolled students. These scholarships have been made possible through contributions from alumni, students, parents, faculty, staff, businesses, foundations, corporations and friends of the university.

The Presidential Scholars is a prestigious program which funds tuition and room and board fees for 75 outstanding incoming freshmen annually. Additional partial scholarships are also awarded to new freshmen and transfer students. The full scholarships, along with a number of partial scholarships, are renewable assuming the recipients meet certain conditions, such as maintaining a specific grade point average.
In addition to scholarships for incoming freshmen, approximately 500 scholarships are awarded to returning upperclass students through the RU Foundation. Many of these scholarships contain conditions for receiving the award, such as declaring a particular major, residing in a particular geographic region, being involved in extracurricular activities, or simply demonstrating financial need. The RU Foundation receives almost 1,000 applications for scholarships from a pool of deserving and well-qualified individuals. Every year, new scholarships are created to meet the ever growing need for financial assistance and meritorious recognition.

Students who wish to apply for freshman scholarships should submit a complete application for admission to Radford University’s Office of Admissions before December 15 of the academic year prior to attending the university. For upperclass scholarships, applicants may request a scholarship brochure and application from the Foundation Office, Financial Aid Office, Dean of Students Office, or Heth Information Desk. Completed applications must be submitted with two letters of reference before early March for the following academic year.

For more information on scholarships for incoming freshmen, contact the Office of Admissions, Radford University, Martin Hall, P.O. Box 6903, Radford, VA 24142-6903, (540) 831-5371.

LOANS

Federal Perkins Loan

The Perkins Loan is funded by the federal government but is administered directly by Radford University. Undergraduate students receive loans under this program of up to $4,000 annually and up to $20,000 for their total undergraduate study. Students begin paying back these loans nine months after they either complete their education or leave school. No interest is charged until repayment begins, and then a five percent charge is applied to the unpaid balance.

Federal Stafford Student Loan

The Federal Stafford Student Loan Program enables both dependent and independent students to borrow. All students will be required to pay a 3 percent one-time origination fee for each loan. In addition, guarantee agencies may charge an extra guarantee fee of one percent on each loan. The interest rate for new borrowers is variable with an 8.25 percent cap (current interest rate is 2.77 percent). The interest rate for subsidized Federal Stafford Loans is subsidized by the federal government until six months after the student graduates or leaves school, when repayment begins. For unsubsidized Federal Stafford Loans, the borrower makes interest payments or capitalizes interest.

Dependent undergraduate students may borrow as much as $2,625 for the first year, $3,500 for the second year and $5,500 annually for remaining undergraduate years, up to a total of $23,000.

Independent undergraduate students may borrow as much as $6,625 for the first year (with at least $4,000 of this amount in unsubsidized Federal Stafford Loan), $7,500 for the second year (with at least $4,000 of this amount in unsubsidized Federal Stafford Loan), and $10,500 annually for remaining years (with at least $5,000 of this amount in unsubsidized Federal Stafford Loan). The total Federal Stafford Loan debt the student can have outstanding as an independent undergraduate is $46,000.

For periods of undergraduate study that are less than an academic year, the amounts the student may borrow will be less than those above.

All students applying for Federal Stafford Loans must complete the Free Application for Federal Student Aid (FAFSA). Those students not eligible for subsidized Federal Stafford Loans or partially subsidized Federal Stafford Loans will be eligible for unsubsidized Federal Stafford Loans. Federal Stafford Student Loans are made in multiple disbursements. Therefore, half of the proceeds of the loan will be available in August and January for the payment of semester fees.

Federal PLUS Loan Program

The Parent Loan Program (PLUS) is available for parents of dependent students. The variable interest rate is based on the 52-week Treasury bill plus 3.10 percent with a maximum of 9 percent. There is no federal interest subsidy or maximum eligible income. Repayment begins 60 days after disbursement of the loan. Parents may borrow as much as the cost of education per year.

State Student Loan Fund

A student loan fund is available to Virginia students through previous appropriations made by the Virginia General Assembly. A student may
borrow up to the cost of tuition and required fees per academic session with repayment beginning four months after withdrawal or graduation from college. All notes covering loans must be endorsed by parents or other responsible Virginia adults. The loan bears a three percent interest rate.

**Nursing Student Loan**

This federal program provides long-term, low-interest loans for nursing students. A student may borrow up to $2,500 for an academic year. Third and fourth year nursing students may potentially borrow up to $4,000 per year. An interest rate of five percent annually begins to accrue nine months after graduation.

STUDENT LEADERSHIP PROGRAM (LEAD)

The Radford University Student Leadership Program, LEAD: Leadership through Experience, Academics and Development, is a comprehensive program jointly administered by the Divisions of Academic and Student Affairs. The program is designed to provide students with knowledge, skills and experiences focused on leadership; to recognize students’ leadership activities; to help the University develop a pool of trained and competent student leaders; and to prepare individuals to be leaders in their communities after they graduate. Each part of the program includes specific requirements and learning outcomes:

In the 12-hour academic component, students will systematically explore and reflect upon leadership skills as they learn the conceptual tools that support the exercise of leadership in a variety of settings. Students will first enroll in LEAD 110: Emerging Leadership. (See course description that follows). They will then select nine additional hours from existing courses having leadership content (e.g., theories, history or philosophy of leadership, the study of leaders within a discipline, values and ethics of leaders).

In the experiential component, students will be challenged to connect leadership to practice. They will reflect upon their experiences in three ways: through attending LEAD reflection/critical issues laboratories, through participating in RU leadership workshops (one-day sessions that allow for the continual training and development of members of clubs and organizations) and leadership conferences (meetings targeting specific groups throughout the Commonwealth of Virginia), and through experiential learning (service learning and internship experiences).

Finally, in the developmental component, students will apply the knowledge and skills they acquire by taking on leadership roles. Through accepting leadership responsibilities on or off campus, they will gain first-hand experiences while developing and fine-tuning their leadership skills. On-campus leadership opportunities include service as Quest (orientation) Assistants, Resident Assistants, UNIV 100 Peer Instructors and many others.

Upon their graduation, students who complete all LEAD requirements will receive certification of their accomplishments. For additional information about LEAD, contact Helen Diamond Steele, Coordinator of Student Leader Resources Office at (540) 831-5255.

LEAD 110. Emerging Leadership. (3)
Prerequisite: Minimum of 2.0 GPA

The course is designed to expose students to new perspectives on leadership and to encourage students to recognize their own potential as leaders. Through class discussions, readings, speakers and interactions, both on campus and in the community, students will be introduced to leadership skills such as delegation and goal setting. This course will encourage students to be creative leaders, to accept and celebrate diversity, to recognize the importance of risk and change and to see the potential in every person to be a leader.

STUDENT SERVICES

New students admitted for the fall semester are invited to attend a two-day Quest session during the summer.

The office provides new students with assistance during their first year, including special interest sessions on a variety of topics. To aid students in their transition to Radford University, the Office of New Student Programs sponsors a one-semester-hour course called “UNIV 100, Introduction to Higher Education.” This course utilizes faculty, staff, and peer instructors to help new students experience success during the first year and establish the groundwork for achieving a successful college career. **INTERNATIONAL CURRICULUM**

**Study Abroad**

Radford University, as part of its mission to serve the educational needs of the citizens of the Commonwealth of Virginia, is dedicated to strengthening the international and intercultural dimensions of its programs and activities. The university believes that a study experience in a different country is important in fostering awareness of other cultures, deepening awareness of one’s own culture and developing future career paths. Consequently, the university encourages study abroad and facilitates program planning for those students who wish to earn academic credit for studies accomplished in other countries.

Radford has developed several foreign study opportunities which can accommodate the needs and interests of students in virtually any field. A full range of strong academic programs in choice locations throughout the world is available. Exchange agreements and institutional affiliations provide opportunities for study at leading universities in Europe, Asia, and the Americas. Radford University sponsors study abroad opportunities in Australia, Austria, China, Costa Rica, England, France, Germany, Greece, Ireland, Italy, Japan, Malawi, Mexico, Scotland, Singapore, Slovenia, South Africa, Spain and Taiwan. Coursework is supplemented by numerous excursions and cultural and historical experiences complement formal classroom work.

With planning, students can usually participate in foreign study programs without delaying their expected graduation dates. Foreign study through any Radford (affiliate or exchange) or contracted program (consortium) qualifies for full university credit. Most study abroad course work is graded under the pass/fail option. The only study abroad experience that is eligible for traditional grading (A-F) are those experiences
where RU faculty accompany the students abroad and are in some way involved in the educational component of the experience.

As such, this generally limits traditional grading opportunities for study abroad experiences to the summer. Participating students are eligible to apply for grants and loans through the Radford University Office of Financial Aid.

Because special application, registration procedures, and deadlines are required for participation in foreign study programs, interested students are encouraged to contact the International Education Center, 302 Cook Hall of International Education, (540) 831-6200, for additional information. You may also visit our website at www.radford.edu/~intlprog. Program size is limited and early application is recommended.

Responsibility of the Student
The student must become familiar with the academic policies, curriculum requirements and associated deadlines posted in this catalog, which is available in both paper and electronic versions. The academic adviser will advise the student on all matters related to his/her program of study and will aid the student in the interpretation of policies whenever necessary. However, it is ultimately the student’s responsibility to be cognizant of and comply with all university policies and procedures and to meet all stated requirements for the degree. It is also the student’s responsibility to frequently monitor campus e-mail and the university web site, as these electronic means of communication have replaced mass mailing as the university’s most effective and efficient ways to disseminate important information to the campus community.

ADVISING

Academic Advisers
Radford University stresses the importance of academic advising and makes a consistent effort to ensure that all students have adequate and appropriate advising. Some of the guiding ideas that shape academic advising at Radford University are:
- High quality academic advising ensures long-term success for both the students and the institution.
- A major purpose of the academic advising system at Radford University is to provide opportunities for students to make informed choices that will provide successful educational experiences at Radford University contributing to their academic and personal development.
- Academic advising provides students with opportunities to assess the relationships among their interests, values and abilities. It is an ongoing process during which advisers use their expertise and experience to help students develop their educational and career plans.
- Through advisers’ expertise and other university resources, good advising can guide students toward achieving their educational, career, and personal goals.
- Relationships between advisers and students can foster not only the academic and personal growth of students but also their level of satisfaction with the entire educational experience at Radford University.

Each undergraduate college has an Advising Coordinator who organizes and supervises the advising program within that college and who serves as a member of the Academic Advising Committee. The college advising coordinators are included in the undergraduate college deans’ administrative structure. The coordinator of the Pre-major Advising Center is administratively included in the Office of New Student Programs and Services. The coordinators of academic advising and their offices are listed below.

Arts and Sciences
- Melissa Chase, Young Hall 111. For additional information, see p. 73.

Business and Economics
- Judy Birchfield, Whitt Hall 114. For additional information, see p. 119.

Education and Human Development
- Donna Dunn, Peters Hall A104. For additional information, see p. 127.

- Donna Shelton, 241 Porterfield Hall. For additional information, see p. 161

Waldron College of Health and Human Services
- Loretta Estes, Waldron Hall 351. For additional information, see p. 147.

The undergraduate college advising coordinators collaborate with one another through their membership on the Academic Advising Committee to ensure that all undergraduate students receive adequate and equitable advising which is appropriately evaluated.

Sound academic advice helps the student address not only course selection and scheduling, but also what a well-educated person should be and know. Academic advisers assist students in planning an organized program that includes the necessary courses in the major area of concentration, general education and electives. It is the responsibility of the student to be sure all of the...
necessary requirements for graduation are met. Students must consult with their academic advisors prior to registration.

The Pre-major Advising Center
The Pre-major Advising Center advises students who have not yet decided on an academic major. The center is staffed by academic advisers who understand the special needs and concerns of students who have not yet decided on a major field of study. Services include individualized assistance in choosing a major and assistance with related academic concerns including course scheduling and campus referral information. Pre-major students are encouraged to choose a major by the end of their first academic year. The pre-major advising center works closely with students to help them make appropriate decisions concerning their educational goals. Advisers are available for walk-in or scheduled appointments. For an appointment or information, students can come to Walker Hall or call (540) 831-5220.

Standards of Academic Progress for Financial Aid Recipients
Financial aid recipients are required to meet progress requirements in addition to grade requirements. Students must meet at least a 2.0 cumulative grade point average. Recipients also must complete at least 50% of enrolled hours (if the student has attempted less than 48 cumulative hours) or 75% of enrolled hours (if the student has attempted greater than 49 cumulative hours). Students may only receive financial aid for attempted hours that do not exceed 150% of the total hours required in their program. All coursework including transfer hours are included in determining progress. More detailed information regarding Standards of Academic Progress for financial aid recipients may be obtained from the RU Financial Aid Office or on the RU Financial Aid Office website at: www.radford.edu/~finaid.

Class Attendance
All students are expected to be officially registered and to attend classes on a regular basis. No absences of any nature will be construed as relieving the student from responsibility for the completion of all work assigned by the instructor. A student registering late for a class will be responsible for all work assigned and material covered during the class sessions missed due to the late registration.

The first class meeting of an evening class, which meets one night per week for 15 weeks, represents about seven percent of the total class time; this first meeting is a regular class. If students wait until the second class meeting to enroll, the class could be cancelled due to inadequate enrollment at the first class meeting. During the first week of each course, the instructor shall inform students of the attendance policies for the course. Class attendance policies are determined by the instructor and should allow for a reasonable number of absences which are required due to documented official university-sponsored activities, health problems, other emergencies, and a student’s religious holidays (which must be reported by the student during the first week of class). It is the student’s responsibility to make acceptable arrangements with the instructor to complete work missed during the student’s absence from class.

Official university-sponsored activities include, but are not limited to, those events which students attend as official delegates funded by the university or in which they represent a university-funded, all-campus organization, intercollegiate athletic team or performing group, and academic course-related field trips in which participation is mandatory as approved by the appropriate academic dean. Students who have questions concerning the interpretation of the class attendance policy should ask the department chairperson or academic dean.

Class Absence Notices
Faculty and students are encouraged to deal directly with one another concerning all student absences. At the request of the professor or the student, the Office of the Dean of Students will issue absence notices to faculty only under the following circumstances:
1. When the student expects to be away from the university for a week or more of classes and the student is unable to make contact with his/her professors.
2. When the student is dealing with a significantly traumatic situation which the student is unable or reluctant to discuss with his/her professors.
3. When the student will be absent from classes due to his/her participation in official university-sponsored activities (i.e. conferences attended as an official delegate funded by the university or in which the student represents a university-funded all-campus organization, conduct hearings, special meetings with the Board of Visitors or other dignitaries). No-
nces may be issued by other offices concerning absences of students participating in intercollegiate athletic teams, performing groups, and academic course-related field trips in which participation is mandatory, as approved by the appropriate academic dean.

The Student Health Center will issue absence notices to students only if it is evident to the clinical provider that the student should not be in class due to illness. No generic ‘seen and treated’ notes will be issued to students. In all other circumstances, students should communicate directly with their professors about their absences from class for reasons of illness or other reasons for which they are requesting special consideration.

NOTE: When the Student Health Center or the Office of the Dean of Students agrees to issue absence notices to students or faculty, these notes do not excuse the absence, nor do they guarantee the student will be permitted to make up tests or other missed assignments. Only the student’s professors can make those decisions. The absence notes simply document that the student’s illness or other circumstances indicate that they should not or are unable to participate in class for the time period designated.

Grade Point System

The quality of work completed is recognized by the assignment of grade points to various letter grades. The student’s academic standing depends upon the number of semester hours of work successfully completed and upon the number of grade points accumulated. Radford University uses a four-point system in which grade points are assigned to grades as follows:

- A = 4 points
- B = 3 points
- C = 2 points
- D = 1 point
- F = 0 points

A student’s grade point average (GPA) is computed by:

- Multiplying the number of semester hours (SH) for each course taken by the number of grade points (GP) corresponding to the grade earned for the course (see table above)
- Adding up the total number of grade points for the appropriate period (a single semester, for example, or an entire academic career at Radford University)
- Dividing the total number of grade points by the total number of semester hours attempted (TSHA) during that same period

For example:

<table>
<thead>
<tr>
<th>Course</th>
<th>Grade</th>
<th>Pts</th>
<th>SH</th>
<th>GP</th>

While courses passed with a grade of “C” or better at other institutions do satisfy certain course requirements, these grades are not used in computing the Radford grade point average.

Incomplete Grades

At the faculty member’s discretion, the letter “I” may be entered on the student’s transcript for a course whenever some portion of the required work has not been completed by the end of the semester. A written statement of the requirements for removal of the grade of “I” must be signed by the faculty member and student and filed in the office of the chairperson of the de-

GRADES AND CREDIT

Grading System

A excellent work
B work that is distinctly above average
C work of average quality
D work of below average quality; D is the lowest passing grade at the undergraduate level
F indicates failure and means the class must be taken again with a passing grade before credit is awarded
AU indicates the student audited the course
I work is incomplete. See “Incomplete Grades” on this page
IP course work is in progress (limited to Graduate courses, Study Abroad, Internships, and pre-registration activity for an upcoming semester)
NR no grade was recorded by instructor (for temporary administrative use only)
P passed with satisfactory work of “C” or better (see “pass/fail grades” on page 48)
W student withdrew, without penalty, from the course after schedule adjustment but before the end of the twelfth week or 80 percent of the term. No credit was awarded
partment in which the course is taught, with a copy submitted to the Registrar along with the faculty member’s grade sheet.

The grade of “I” will automatically revert to a grade of “F” if not satisfactorily removed by the last day of classes of the next (Fall or Spring) semester. Once the grade of “I” is placed on the transcript, it remains on the transcript until it is replaced by the appropriate grade when all course requirements are completed or when the deadline for completion (one semester) has passed.

If, due to extenuating circumstances, a student is unable to complete his/her required coursework by the established deadline, the student has the option of requesting a one semester extension through the academic petition process. Approval of an extension for an incomplete is not guaranteed and depends on the student’s unique circumstances.

A student cannot re-enroll for a course for which an “I” is recorded on the transcript. A degree cannot be awarded to a student with an incomplete on his/her record.

Pass-Fail Grades

Any course taken Pass-Fail, and passed successfully, will count as a general elective. The course may not be used to meet requirements for general education, major, minor, or other specified degree or certification/licensure requirements. Courses within the major or minor may be taken Pass-Fail, but only if all major or minor requirements, including number of hours within the major or minor, will be fulfilled by other courses, or if the required course was designed to be a pass/fail course for all students. The following guidelines apply to Pass-Fail courses:

- A Pass-Fail request must be signed by the student’s adviser and submitted at the Registrar’s Office by the deadline specified in the academic calendar. The Pass-Fail option may not be changed after this deadline.
- The Pass-Fail option is limited to students with a cumulative GPA of at least 2.00.
- A Pass grade is awarded if the student would otherwise have earned a “C” or better in the course. The Pass grade adds to total hours completed without affecting GPA. A Fail grade is calculated into the GPA as an “F” grade.
- Other than mandatory Pass-Fail courses or approved study abroad, a student may take no more than 12 semester hours of Pass-Fail courses during his/her academic career at Radford University.
- Pass-Fail courses passed successfully may not be repeated for a letter grade.

Grade Changes/Corrections

Students who feel they received a grade in error should contact the appropriate faculty member. If the faculty confirms that an error has indeed been made, then the faculty member must process a grade change form and submit it to the Office of the Registrar no later than one year after the submission of the original grade (excluding Incompletes).

Grade Appeals

Students wishing to appeal grades received in courses should refer to the Radford University Procedures for Formal Grade Appeals. The appeal procedure and associated forms are posted on the RU Registrar’s website: [http://www.radford.edu/~registrar/Forms/Grade_Appeal.htm](http://www.radford.edu/~registrar/Forms/Grade_Appeal.htm).

REPETITION OF COURSES

The Repetition of Courses policy allows students to improve his or her grade point average. All courses completed and the grades earned will remain on the student’s transcript. This policy applies only to the repetition of courses taken at Radford University.

Repeat Courses – The first three (3) times in which a student re-enrolls in any course(s) already attempted will be designated as “repeats.” Within the three repeat limit, a student may repeat as many as three different courses, or the same course may be repeated as many as three times. Repeating the same course more than once shall be considered multiple repeats. For example, if a student fails his/her first attempt at SOCY 110 and then repeats the course, this constitutes one repeat, regardless of whether or not the student passes the course. If a student registers for the same class for a third time, this constitutes the use of a second repeat. The student would have only one remaining repeat opportunity. Repeat courses are subject to the following conditions:

a. The grade earned in the Repeat Course will replace the original grade in the course repeated.

b. If the student receives a lower grade while attempting a repeat, the most recent grade will count in calculating the student’s GPA. If a student repeats a course in which he or she received a passing grade and fails the repeat course, the credit earned previously will remain but both the original and repeat grades will be calculated.

c. Additional credit hours will not be awarded unless the course grade was “F.”
d. If the third Repeat Course is taken in a semester or summer session in which one or more other courses are being retaken, the student will be asked by the Registrar’s Office to identify the course to be treated as the third repeat. If the student does not respond to this request, the Repeat Course will be the one in which the grade earned most improves the student’s cumulative grade point average. Other courses being retaken will be counted as explained below:

Retake Courses – Courses in which a student re-enrolls after the three repeat courses have been designated are subject to the following conditions:

a. Unless otherwise stipulated by departmental requirements, there is no limit on the number of courses that may be retaken, or on the number of times a particular course may be retaken.

b. Additional credit hours for the courses retaken will not be awarded unless the original grade was “F.”

c. The grade(s) earned in the retaken course(s) will be averaged with the original grade(s).

d. Unless a course may be taken for credit more than once, a student may not retake a course in which the original grade was “A.”

Challenge Examinations

Challenge examinations provide a mechanism for students to demonstrate knowledge they have acquired through work, life or educational experiences. Students who are able to justify that their previous experiences are relevant to a particular course may choose to earn credit for that course by challenge examination. Challenge examinations are comprehensive and carry a processing charge. Individual departments are responsible for determining which courses, if any, may be challenged for credit. A passing grade of “C” or better on the challenge examination will be recorded as a “P” on the transcript. Credits earned will be Radford University hours. Unsuccessful attempts at challenge examinations will not be recorded on the transcript and may not be repeated. Challenge Examination applications are available in the Registrar’s Office.

Transfer Credit

Students wishing to transfer credit to Radford University, after earning that credit as a transient student at another institution, must complete the form, Radford University Permission to Take Courses for Transfer Credit (AA 21), and must furnish the university with an official transcript after completing the course work. For the transcript to be considered official, it must be sent directly from the issuing institution to the Registrar’s Office at Radford. No courses with a grade of “C-” or lower will be considered for transfer. Accepted transfer work may satisfy certain course requirements but the grades are not used in computing the Radford grade point average, and the Radford repeat policy may not be applied.

Independent Study

Independent Study courses are offered by several departments and are designed to permit students to independently investigate specific problems or areas of interest under the direction of a faculty adviser. An Independent Study course must be approved by the appropriate department curriculum committee and chairperson prior to the deadline for adding courses in the term in which the study is to be undertaken. Independent Study courses may be taken either on a pass-fail basis or for a letter grade. No student may apply more than six hours of credit for Independent Study toward graduation requirements. A faculty member may offer a maximum of six credit hours of Independent Study per semester.

Practical Experiences

Some undergraduate programs require students to participate in a supervised practical experience. Such experiences include internships, practica, clinical courses, student teaching, and other types of fieldwork. Departments will provide written information to potential majors about the qualities of character and interpersonal skills that are normally expected of participants for them to successfully complete the practical experience. Potential problems that the student may have in a practical experience are identified, and appropriate recommendations are offered.

Students may obtain from the department the written criteria for entry into a practical experience and the procedures for implementation of those criteria; performance standards during the experience; circumstances under which the student may be withdrawn from, or denied entry to, the experience; and processes, including appeals, which regulate such withdrawals.

Departments and programs governed by the above include, but are not limited to: Communication Sciences and Disorders; Counseling Psychology; Counselor Education; Criminal Justice; Educational Studies; Music Therapy; Nursing;
Physical Education (Teaching Concentration); Recreation, Parks and Tourism; Social Work; Special Education; Sociology and Anthropology. Policies specific to each program will be on file in each department office. Students planning to take such courses should obtain a copy of the relevant departmental policies and procedures before registration in the course.

Class Standing
The class standing of a student is determined at the beginning of each semester and will not be changed during that semester. Any student with 26 semester hours of credit will be classified as a sophomore, 56 semester hours of credit as a junior, and 86 hours of credit as a senior.

Dean’s List
Students will be placed on the Dean’s List for a given semester if they:
- have 12 semester hours graded A-F; and
- obtained a grade point average of at least 3.4 for the courses not graded on a pass-fail basis; and
- obtained no grade below a “C”; and
- have no incomplete “I” grades

Auditing Courses
Students may audit classes on a space-available basis with written permission of the class instructor and the department chairperson. Students who audit a course may not transfer to regular status in the course after the census date. Auditing students are expected to attend class on the same basis as regular students. The instructor may delete from the roll any auditing student who does not meet course requirements. Tuition and fee rates for audited courses are the same as those for credit courses.

ACADEMIC LEAVE
Occasionally, Radford University students want to take advantage of either of two special experiential learning opportunities—non-credit bearing internships and non-RU study abroad programs—that require that they not be enrolled at RU for a semester. These students may apply for the status of “academic leave.”

Eligibility
(1) The student anticipates that the internship or study abroad experience will necessitate that he/she be away from RU no more than one academic semester.
(2) The student fully intends to enroll at RU during the semester after the experience has concluded.
(3) The student has attained sophomore status and is in good academic standing.

Benefits of Academic Leave
The status of “academic leave” entitles the student to virtually all of the same privileges as enrolled students, including receipt of communications from the University, registration and housing selection at the time commensurate with their number of hours earned, library access, mailboxes, and e-mail accounts. Since they are not enrolled as RU students, they will not be billed as RU students for the semester away.

By definition, no RU credit will be awarded for non-credit bearing internships. Credits from study abroad experiences offered by institutions other than Radford University will be treated as transfer credits. Students should obtain transfer course approval before departure. While grades of “C” or better from the host institution are required for the student to receive credit for the courses, grades earned elsewhere have no effect upon the student’s GPA at Radford University.

Application Process
Students wishing to apply for academic leave must complete an “Application for Academic Leave” form. These forms are available in the Center for Experiential Learning and Career Development, the Center for International Education, and the Registrar’s Office.

In addition to the form, students must submit a copy of their letter of acceptance for the experiential program in which they plan to participate. The application must be approved by the student’s academic adviser, department chair, dean, and the director of experiential learning and career development, and/or the director of international programs, and then submitted to the Registrar’s Office. Applications for academic leave must be received by the Registrar’s Office no later than thirty days before the beginning of the semester the student will be away.

Term of Academic Leave
Academic leave is granted for one semester. Students who wish to extend their leave must reapply by contacting the Registrar’s Office no later than 30 days prior to the next semester. Students are limited to two semesters of academic leave during their academic careers at Radford University.

Upon conclusion of the semester of academic leave, and appropriate submission of an application for readmission (see pg. .54) the student’s status will automatically be returned to “active.” In the unlikely event that the student is unable to return to Radford University following the semester of academic leave, he/she must notify the
Registrar’s Office of his/her intent no later than 30 days before the beginning of the semester following the leave.

NON-ACADEMIC LEAVE WITHDRAWAL

Periodically students may need to withdraw from the University for non-academic reasons. Non-Academic reasons for withdrawal from the University may include medical, psychological, and/or other personal reasons such as extended illness in the immediate family, deaths of significant others, legal requirements to appear in court for an extended period of time, call to active military duty, and others.

Typically the student will be required to meet with the Associate Vice President for Student Affairs (AVPSA) or his designee. See the military leave policy for withdrawals resulting from a call to active duty.

Documentation Requirements: In order to withdraw from the University for non-academic reasons documentation of the condition necessitating the withdrawal will be required. Examples may include medical records, psychological records, and other forms of documentation appropriate to other types of non-academic withdrawals.

Procedures: Upon receiving the required documentation, the Associate Vice President for Student Affairs (AVPSA) will examine and evaluate the documentation. As needed, the AVPSA will consult with the originator of the documentation, the Council of Deans at Radford University or others, duly employing appropriate student disclosure permission.

After evaluating the case, the AVPSA will determine whether the student should be provided an exception to the University’s withdrawal policies. Should an exception be granted, then corresponding grades of “W” will be recorded on the student’s transcript and pro-rated refunds of tuition and fees may be made if applicable.

If an exception is not granted, the student may appeal his/her case as provided in this policy. All decisions regarding withdrawal requests will be promptly communicated to the student in writing.

Grades: When a student withdraws from the University for non-academic reasons, typically grades of W will be recorded for all classes attempted during that semester. Only in rare cases, and under special circumstances, will students be allowed a mixture of grades and Ws or Incompletes.

Refunds: For students withdrawing for non-academic reasons exceptions may be made for a pro-rated refund of tuition and fees. For resident students board fees and room rent refunds will be granted only in accordance with University policy.

PARTIAL NON-ACADEMIC WITHDRAWALS

(withdrawal from one or more classes but not all classes): A pro-rated refund of tuition and fees may be granted if the withdrawal drops the student below 12 credit hours (undergraduate) or 9 credit hours (graduate).

Appeals: Any student who is not satisfied with the outcome or process pertaining to his/her withdrawal situation may appeal. The procedure for appealing is:

1. The student must write a brief document stating the facts of his/her situation and the basis for the appeal.
2. The document must be presented to the Associate Vice President for Student Affairs or his designee within 10 days of the decision about his or her situation.
3. The Associate Vice President will then take the student’s written document and other materials as necessary and appropriate to the Dean’s Council which will then make a final decision.

Readmission to the University: When a student has withdrawn from the University for non-academic reasons, the University takes seriously its obligation to the student who withdrew and to the University community. Therefore, when a student is completely withdrawn from the University a block will be placed by the Office of the AVPSA upon the student’s ability to resume his/her studies pending receipt and evaluation by the AVPSA of required professional and/or other documentation that supports resumption of studies.

CALL TO ACTIVE MILITARY DUTY

The University has adopted a separate leave policy for students called to military active duty. The intent of this policy is to assist, whenever possible, a student’s withdrawal and subsequent reentry to the University so that the student suffers no financial or academic hardship that was beyond the student’s control.

Procedures: Students called to active duty should complete a Military Active Duty Withdrawal form and submit it to the Registrar’s Office, along with a copy of their active duty paperwork. If circumstances are such that the student is unable to complete the required paper-
work prior to leaving campus, they or their designated official should contact the Registrar’s Office at their first opportunity, but before the conclusion of the semester in which the student left.

**Grades:** Students will receive grades according to standard grading options (No Grade if before the Census Date, W or F after the census date or “I” grades (Incompletes) as arranged with each professor. This would entitle the student to the appropriate prorated refund (of tuition and fees) based on the withdrawal date.

The student may elect to withdraw and receive “W’s” for all courses in which the student is enrolled. The reason for granting “W’s,” regardless of the student’s current grade status, is based in part on the uncertainty that has led up to the student’s departure and how that has probably affected the student’s ability to perform in the classroom. Under no circumstances will a student be eligible to receive a letter grade without completing the course.

**Tuition Charges and Refunds:** If a student elects to receive “W’s” for all courses, tuition and fees will be refunded to the student. However, during the withdrawal process, students can request financial credit be given for a future term.

If a student’s withdrawal is within the last 10 class days of the semester, the student may request “I’s” in classes which can be completed. In that case, tuition and fees will be charged for the number of “I” credits as a proportion of the total credits enrolled. The remaining money will be refunded or applied to a future term.

In making any refund or “credit” of tuition monies, first consideration will be made to repaying any financial aid awards as appropriate.

**Room and Board:** Room and Board will both be refunded on a daily basis according to the official date of withdrawal minus a $200 room fee and a $200 board fee.

**Deposits:** Any deposit for future academic terms (specifically the housing deposit) will be completely refunded.

**Textbooks:** A 100% credit will be issued on all textbooks, whether new or used, on all books returned to the University Bookstore. (Note: The credit will be kept on file at the Bookstore until the next term for which the student enrolls).

**Reinstatement/Readmission:** A student will be readmitted under the standard readmission procedure through the Registrar’s Office. The student will be allowed to continue with the academic requirements of their original entry to Radford University, wherever possible (i.e. using the same catalog). The student must meet the required GPA, financial, and disciplinary requirements of any other student.

**WITHDRAWAL PROCEDURES**

**Withdrawal from One or More, But Not All, Courses**

The student must secure a withdrawal slip from the Registrar’s Office, have it signed by the instructor of the course from which he/she is withdrawing and by the student’s academic adviser, and then return all copies to the Registrar’s Office. The withdrawal is not complete until the signed slip has been returned to the Registrar’s Office. If a full-time student withdraws from all classes, but at different times during a given fall or spring semester, the individual withdrawals are changed to a University Withdrawal.

Students must contact the Student Accounts Office in Walker Hall to initiate a request for a refund of tuition if they drop a class or classes prior to the census date and if the reduced class load qualifies them for a tuition refund.

A student who drops a class prior to the conclusion of schedule adjustment will receive no grade. A student who withdraws from class after schedule adjustment but before the end of the 12th week of the semester (or 80% of the total class meetings of a summer session or any other non-traditional course) will receive a grade of “W.” A student who withdraws from class after the 12th week of the semester (or 80% of summer and non-traditional courses) will receive a grade of “F.”

A student may not withdraw from more than five classes during the course of undergraduate studies at Radford University. After a student has withdrawn from five classes, any subsequent withdrawal will result automatically in a grade of “F.” Withdrawals from classes prior to Fall Semester 1988, courses dropped during schedule adjustment, or withdrawal from all classes at the university do not enter the five-class withdrawal limitation.

**Withdrawal from the University (All Courses)**

Students withdrawing from all courses during a given semester must contact the advising coordinator in the college of their major to obtain and complete a “Withdrawal Check-Out Sheet.” Students who have not declared a major must contact the advising coordinator in the Pre-Major Advising Center. The academic advising coordinators’ offices are in the following locations: College of Arts and Sciences, Young Hall 112; College of Business and Economics, Whitt Hall
Withdrawals from Summer Session Courses

Withdrawals from courses during summer sessions are individual course withdrawals, even if the student withdraws from all courses in which he/she is enrolled. These withdrawals do count against the five withdrawal limit. Although for financial aid and other reasons – this action must be handled administratively as a University Withdrawal, the student is not charged with his/her one possible University Withdrawal.

Refund Checks

It is university policy to hold the enrolled student liable for charges incurred; therefore, refund checks are issued in the name of the student.

Exceptions to Withdrawal Procedures

Exceptions to the withdrawal procedures may be granted upon recommendation of the Associate Vice President for Student Affairs in cases of documented medical or other non-academic reasons (i.e., medical leave of absence).

ACADEMIC PROBATION AND SUSPENSION

Academic performance is measured by grade points and grade point averages (GPA).

Each student must maintain a specified grade point average to remain in good standing and to prevent being placed on academic probation or being suspended for academic reasons.

Students are urged to confer regularly with their advisers to seek assistance in improving academic standing.

Academic Probation

In those cases where academic suspension does not apply (see Academic Suspension policy), a student will be on academic probation at the conclusion of any semester or summer session, regardless of the total number of credit hours attempted, in which the student has a cumulative GPA below 2.0.

(Note: The minimum grade point average required for graduation from Radford is 2.0. Some majors require a higher GPA for graduation.)

Academic probation is an indication of serious academic deficiency and may lead to academic suspension. A student on academic probation may not carry more than 16 semester hours during a regular academic year semester.
ACADEMIC SUSPENSION

New Student Policy
Any new (freshman or transfer), full-time (as of Census date) student who has a GPA below a 1.25 at the conclusion of the first semester of enrollment will be suspended and will not be allowed to continue in the next full semester (Fall or Spring). However, some of these academically unsuccessful new students – those judged to have the greatest potential for future success, based on multiple indicators – may be invited to participate in a contract-based program, SORTS (Students On the Road to Success), coordinated by the Office of New Student Programs. These students will be granted an “exception to suspension” and will be allowed to take classes in the next full semester. A student in the SORTS program must meet all the requirements stipulated in the SORTS contract or his/her suspension will be reinstated immediately and will remain in effect through the following fall or spring semester. Students who were not invited to participate or who declined the university’s invitation to participate in SORTS may not enroll in the next regularly scheduled academic term but may apply for readmission for a future term.

Continuing Student Policy
All academic suspensions for continuing students who are enrolled during one or more terms during the year (fall through summer) become effective at the end of the last summer session, regardless of the student’s enrollment for that specific term. Academic suspension occurs when such students have attempted a minimum of 30 credits at Radford University and have less than a 2.0 cumulative GPA on all courses taken at Radford University.

A continuing student will be informed of his or her impending academic suspension (effective at the end of the last summer session) at the conclusion of any term if the student has less than a 2.0 cumulative GPA and has attempted 30 or more credit hours.

Terms of Suspension
A student suspended for the first time may not enroll in the next regularly scheduled semester. (Please see readmission information.) A student who has been suspended once for academic reasons, is readmitted, and who falls below the suspension threshold for a second time is dismissed from the University. Such students are permanently ineligible to enroll at Radford in future semesters.

Occasionally, a student whose actions during a semester result in disciplinary suspension for the following semester subsequently earns grades for the semester that also cause him/her to fall below the academic suspension threshold. In such cases, the following semester’s suspension will be considered an academic suspension for the purpose of determining the number of times a student has fallen below the academic suspension threshold.

A student on academic suspension from Radford University may receive transfer credit for work taken at another college or university during the period of enforced suspension. To ensure proper credit for any courses taken at another institution, permission must be obtained from the Registrar’s Office prior to enrolling in such courses. While courses passed with a grade of “C” or better qualify for transfer (“C-” grades are not acceptable), these grades are not used in computing the Radford grade point average and the Radford repeat policy cannot be applied. In order to be eligible for readmission to Radford University, students must maintain a cumulative grade point average of 2.0 or higher on all work attempted at another college during the term(s) of their suspension. Readmission to the university, however, is never automatic (see below).

READMISSION
Students who do not maintain continuous enrollment at Radford University for any reason and wish to return must submit an Application for Readmission to the Registrar’s Office regardless of their academic status. Students who left the University in good academic standing (i.e., whose cumulative grade point average at Radford University is 2.0 or higher) and whose records include no conduct/disciplinary offenses or criminal offenses must apply for readmission no less than 10 days, but no more than six months prior to the beginning of the term in which re-enrollment is desired. Students who do not leave the University in good academic standing (i.e., whose grade point average at Radford University is less than 2.0) or whose records include conduct/disciplinary violations or criminal offenses must apply for readmission no less than 30 days, but no more than six months prior to the beginning of the term in which re-enrollment is desired.

For those students who left the university in good academic standing, eligibility for readmission will be determined by the Registrar’s Office but includes the expectation that the student has maintained a minimum GPA of 2.00 at all
schools attended since last enrolled at RU. The Readmission Committee will review the applications of those students who were academically suspended or left the university while on academic probation. Students placed on academic or disciplinary suspension are not automatically eligible to return. Only those students who appear to have potential for success in general and within their selected major will be readmitted. Academic Renewal (see below) may be an option for students who have been absent from the university for four or more years.

The Readmission Committee will evaluate requests for readmission on the basis of the following criteria:

1. The student’s written statement in which:
   a. compelling reasons are offered for wishing to return to Radford University;
   b. the student’s activities or accomplishments during the period of suspension or absence are described;
   c. the student indicates how and why academic performance will improve if readmitted.
2. Grade point deficit
3. Number of “Repeats” available to use as strategy to bring up GPA
4. Previous academic history
5. Requested readmit major
6. Total hours attempted and/or earned
7. Evidence of improved academic performance at any institution attended while absent from Radford University. To be eligible for readmission, the student must have maintained at least a 2.0 GPA. Students are encouraged to send their transcripts to support their application at the time of reapplying but final decisions may be deferred pending receipt of an official/final transcript.

Please note that the Committee reviews only written materials and that individual appearances before the Committee are not permitted.

Once a decision has been made regarding the application, the student will be notified in writing. Additionally, housing information will be sent when on-campus housing is requested. Registration information will be sent when it becomes available.

The Readmission Committee reserves the right to revoke any offer of readmission. The Readmission Committee will review the progress of all students returning to the University after a suspension or probation. Continuation of enrollment is contingent upon satisfactory progress during the semester the student is readmitted. Satisfactory progress is defined by making up the grade point deficit by at least half. If the student has not made reasonable progress toward good academic standing, the student will not be permitted to enroll for the following semester.

Students readmitted to the University who have been away for two or more consecutive semesters must meet the degree requirements in effect at the time of readmission.

ACADEMIC RENEWAL POLICY

The Academic Renewal Policy is designed to benefit students who are returning to the university to continue pursuit of an initial undergraduate degree at Radford University after an extended absence of no less than four calendar years and whose cumulative GPA when they were last enrolled was less than a 2.0. (Students who have been dismissed from the university are not eligible for academic renewal. Students may use academic renewal only once.) Students who meet these conditions may apply for academic renewal simultaneously with their application for readmission. Such applications are made to the Registrar’s Office.

Academic renewal permits eligible students to re-enroll at the university to begin their studies anew. Under the provisions of academic renewal:

a. All previously earned letter grades remain on the student’s official transcript, but the student carries no GPA at the time of re-enrollment.

b. The student retains credit hours for all courses passed with a grade of “C” or better. The student loses credit for courses passed with a grade of “D.”

If academic renewal is granted, a student must earn a 2.0 grade point average or better for the first 12 hours attempted upon returning. Failure to do so will result in academic dismissal from the university and being ineligible for readmission. Students who have returned under the academic renewal policy must earn 60 credit hours after returning to be eligible to graduate with Latin Honors.

CLASS LOAD

Fall and Spring Semesters

Any undergraduate student who is carrying 12 or more semester hours of credit is considered to be a full-time student. To be eligible to live in a residence hall, a student must carry an academic load of nine or more semester hours.

Normal class load during a regular session is 15-16 semester hours. No student may carry more than 18 semester hours without the written permission of the student’s academic dean.
Summer Sessions

Any undergraduate student who enrolls in 12 or more semester hours of credit during one or any combination of Summer Sessions will be considered a full-time student.

Any undergraduate student who enrolls in six to eleven semester hours of credit during one or any combination of Summer Sessions will be considered a half-time student.

The maximum course loads permitted during the summer sessions are: Maymester- seven (7) credit hours*; Summer I – ten (10) credit hours* (*or a combined total of ten (10) credit hours for Maymester and Summer I); Summer II – ten (10) credit hours; Summer III – eighteen (18) credit hours. A student may enroll for a maximum of eighteen (18) semester hours of credit using any combination of enrollments in the summer session. No student may attempt more than the maximum number of credit hours per session or for the entire summer without the written permission of the student’s academic dean.

RECORDS AND REPORTS OF STUDENTS

Grades filed with the Office of the Registrar are final, except where an error of judgment has occurred or an error has been made in computation or transcription. Shortly after the close of each semester or summer term, currently enrolled students receive password-secure Internet access to their grade report showing the final grade received in each course for which they were enrolled that particular semester or summer term.

A transcript is the official record, compiled by the Registrar, of a student’s academic career. For each semester or summer term, the transcript shows the courses, credits and grades; semester or summer term grade point average; and notice of academic suspension or withdrawal. Transfer credit also is recorded, but without grades.

The completed transcript records the degree and major, minor and/or concentration as appropriate, final graduation grade point average, and the date the degree was conferred.

Transcripts are issued upon the receipt of a signed, written request. There is no charge for this service. There is a limit of 10 transcripts issued per request, unless otherwise approved by the Registrar. Transcript requests are processed in the order of receipt and typically take 5-7 working days to process.

STUDENT RECORD POLICY

Family Educational Rights and Privacy Act

Radford University student record policies and practices are in full compliance with state and federal laws (FERPA).

The university will not release information about a student from records, except directory information, to people (including parents) other than a specified list of exceptions without obtaining the written consent of the student.

Upon request, the university will grant students who are or have been in attendance access to their educational records, except those excluded by law, and will provide an opportunity for a hearing to challenge such records.

University and federal law does permit the university to release information it has identified as directory information with respect to each student unless the student informs the university that any and all information designated should not be released without the student’s prior consent. Forms to request a restricted release of directory information is available on-line and should be filed at the Registrar’s Office. While the university understands that there are sometimes very legitimate reasons why a student may want to restrict their directory information, please note that placing a restriction on the release of a students information means that RU personnel can’t even acknowledge the existence of the student to a third party. This can often times cause the student and their parents some inconveniences related to the verification of enrollment and/or graduation for insurance and loan deferment purposes.

Radford University has identified the following as directory information.

- Student’s name, local and home address, phone listing, and e-mail address
- Major field of study
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Dates of attendance
- Degrees and awards received

Students should report any change of name, address, or marital status to the Registrar’s Office so their university records can be corrected.

A full statement of the Family Educational Rights and Privacy Act and information explaining how students may exercise the rights accorded them by this policy are posted to the RU website and are available from the Office of the University Registrar and the Office of the Dean of Students.
If a student has a complaint about the university’s compliance with state or federal laws concerning student records, the student is encouraged to register that complaint with a university official. While most concerns can and will be addressed promptly by the university, students may file complaints with the U.S. Department of Education concerning alleged failures by the university to comply with the requirements of the Family Educational Rights and Privacy Act.

HONOR SYSTEM

The Radford University Honor System provides the foundation for a university community in which freedom, trust, and respect can prevail. In accepting admission to Radford University, each student makes a commitment to support and uphold the Honor System without compromise or exception. The students of Radford University believe that individuals have the right to compete fairly, to keep what they have earned, and to have others accept their word without question. Individuals have the responsibility to be honorable in their own conduct and to insist other students act honorably.

Lying, cheating, and stealing are considered to be acts of dishonor, and will, therefore, cause a student to be subject to temporary or permanent suspension from the university community. Students who commit an honor violation or any members of the Radford University community who have knowledge that a student has committed an honor violation are expected to comply with the reporting procedures.

The Honor Code: I do hereby resolve to uphold the Honor Code of Radford University by refraining from lying, from stealing or unauthorized possession of property, and from violating the Standards of Student Academic Integrity. Students are expected to become familiar with the Honor Code and the Standards of Student Conduct. For more information about the Honor Code and the Standards of Student Conduct please refer to the 2005-2006 copy of the Standards of Student Conduct available in the University Planner, in the Dean of Students Office and/or online at: http://www.radford.edu/~dos-web/studentconduct.htm

COMPLETING A DEGREE

Degree Requirements

No fewer than 45 semester hours must be earned at Radford University to be eligible for graduation. Thirty of the last 39 hours of credit required for the degree must be completed in residency. In addition, 50 percent of the semester hours required for a major or minor (as defined by the department) must be taken at Radford University and no more than six (6) credit hours of Independent Study coursework can be used toward graduation requirements.

Students in the Virginia Western Community College partnership program must complete 25 percent of the semester hours at Radford University.

The total number of grade points earned by students, both overall and in their major field, must be at least twice the total semester hours of credit attempted, both overall and in their major at Radford. Students in teaching, nursing and certain other fields must earn a higher grade point average. Specific requirements for each major are listed under the appropriate department sections of this catalog. As a minimum, 120 semester hours are required for graduation.

Fulfilling More than One Requirement with the Same Credit/Course

i. Courses used to fulfill General Education requirements can also be used to fulfill major and/or minor requirements, but not the B.A. requirement.

ii. Courses used to fulfill the B.S. requirement can also be used for minor requirements, but not General Education or major requirements.

iii. Courses used to fulfill major requirements can also be used to fulfill minor requirements, unless otherwise specified by the department (see page 61 for definitions of major, minors, concentrations and options).

iv. Courses used to fulfill major or minor requirements cannot be used to fulfill concentrations or option requirements within Interdisciplinary Studies.

Graduation Policy

A currently enrolled full-time student may meet the graduation requirements listed in the Radford University Undergraduate Catalog in effect at the time of the student’s initial enrollment at Radford, or the individual may select to meet the requirements in any subsequent catalog published between enrollment and graduation, as long as the catalog is no more than five
years old. A student may not follow requirements for graduation listed in a catalog in effect prior to the student’s enrollment at Radford.

A regularly enrolled part-time student may complete the graduation requirements in effect when the student enrolled at Radford or the student may complete requirements listed in any subsequent catalog, as long as the catalog is no more than seven years old when the student graduates.

Whichever option is chosen, it is highly recommended that students maintain continuous enrollment at Radford to avoid jeopardizing their preferred catalog year.

Any course work in the major more than 10 years old at the time of matriculation may be reviewed by the chair of the department in which the student is housed, and the chair may require the student to take more current courses in lieu of those previously taken.

Students so affected may request an opportunity to demonstrate currency in the area(s) covered by those courses previously taken. Transfer courses may not be used toward a Radford University degree if they are more than 10 years old at the time of a student’s matriculation.

Students who have been absent from the University for two continuous semesters must meet the degree requirements in force in the Radford University Undergraduate Catalog at the time of readmission.

Each student who expects to complete requirements for a degree must submit a graduation application to the student’s college advising center, except for students with majors in Arts and Sciences, where applications must be submitted directly to the student’s major department.

Graduation Application Submission

Requirements To Be Application Due:
Completed:                     Sept. 9, 2005
Spring Semester 2006
Summer 2006 graduates (with petition)
Fall Semester 2007

Commencement Exercises

Commencement exercises are conducted only at the end of the spring and fall semesters. Students completing degree requirements during spring and fall semesters are urged to attend commencement unless extenuating circumstances justify their absence. Diplomas will be mailed to students after confirmation that their degree requirements have been completed.

Participation in Commencement

Radford University restricts participation in commencement exercises to those students who will complete their degree requirements by the time of commencement or who can complete the requirements during the immediately following academic session (i.e., the summer following Spring Commencement, and the spring following Fall Commencement). Those who wish to participate in commencement ceremonies who will not have met all requirements at the time of commencement must submit a declaration of their intent to participate along with the application for graduation.

Graduation applications and petitions to participate in the Spring Commencement 2006 must be in the appropriate advising center (or student’s major department within the College of Arts and Sciences) by Sept. 9, 2005.

Graduation With Honors

Radford University awards two types of honors degrees:

Students whose cumulative grade point average in all courses attempted at Radford University is greater than or equal to 3.50, but less than 3.70, will be graduated cum laude. Those whose cumulative grade point average is greater than or equal to 3.70, but less than 3.85, will be graduated magna cum laude. Those whose cumulative grade point average is 3.85 or greater will be graduated summa cum laude. To be eligible to receive Latin Honors, a student must have earned a minimum of 60 semester hours at Radford University. Students who have returned under the Academic Renewal Policy must earn 60 credit hours after returning to be eligible to graduate with Latin Honors.

A student who successfully completes Honors Academy requirements will receive a bachelor’s degree with Honors in the Major. For more information on the Honors Academy, see p. 71.

Licensure for Teaching

Students interested in pursuing licensure to teach in Virginia and elsewhere must complete the approved teacher education program and all licensure requirements. Please see the Center for Academic Advising and Student Support Services or the Field Experience Office in Peters Hall 104 for more information. All the applica-
tions for licensure must be submitted through the Center for Academic Advising and Student Support Services.

Graduate Credit for Radford University Undergraduates
Seniors with an overall grade point average at Radford University of 3.00 or better may be permitted to take up to 8 credit hours of graduate-level courses during their final year of undergraduate work. Students have the option of counting the course(s) toward their undergraduate degree or toward a graduate degree, if all admission requirements are met. Graduate courses taken to meet baccalaureate requirements may not be used toward a graduate degree, except in approved accelerated bachelor’s/master’s programs (see below).

Undergraduate students who wish to take courses for graduate credit must receive specific approval from the instructor and the dean of the Graduate College. Request forms are available online or in the Graduate College Office in 213 Preston Hall. For complete information concerning graduate programs and entrance requirements, consult the Radford University Graduate Catalog.

ACCELERATED BACHELOR’S/MASTER’S PROGRAMS
Students accepted for approved bachelor’s/master’s accelerated programs may take up to 12 graduate credits and these may count toward both the bachelor’s and master’s degrees. Students in the RN/BSN/MSN accelerated program may count up to 15 graduate credits toward both the BSN and MSN degrees. To be eligible for participation in an accelerated degree program, students must have completed at least 60 undergraduate credits and have a cumulative GPA of at least 3.00. Individual departments may impose stricter eligibility requirements. Admission and completion requirements for specific accelerated degree programs are described in the catalog.

The objective of accelerated Bachelor’s/Master’s degree programs is to provide a means by which exceptional undergraduate students at Radford University may complete the requirements for both the Baccalaureate and Master’s degrees at an accelerated pace.

Eligibility
Students must have completed a minimum of sixty (60) and a maximum of ninety-six (96) credit hours in their undergraduate programs. Transfer students must have completed a minimum of two semesters as a full-time student at Radford University, a minimum of 24 hours. Students must have a minimum accumulated grade point average (GPA) of 3.00. (See the RN/BSN/MSN program details for exceptions to the eligibility criteria).

Application to an Accelerated Bachelor’s/Master’s Degree Program
A prospective student that meets the eligibility requirements above should set up a meeting with the Graduate Program Coordinator to review the requirements for an accelerated Bachelor’s and Master’s degree program. Students in an accelerated program must submit the standard application for admission to the Graduate College including an application form, application fee, transcripts, test scores, and any other materials required for admission to the master’s program. In addition, students must complete the Accelerated Degree Application form. Upon review of the materials submitted, a letter of acceptance (or denial) to the Master’s program, contingent on meeting the accelerated requirements and completing the bachelor’s degree, will be sent to the student.

Participation and Graduation
Students must complete the Bachelor’s degree prior to entering the Master’s program. Students in an accelerated program may not elect to bypass the Baccalaureate degree. Students must receive a grade of “B” or better in the double counted graduate level courses. Courses with a grade of “C” or below cannot be double counted between the two degrees. No more than twelve (12) hours of graduate work may be counted towards the requirements of both degrees (fifteen hours in the RN/BSN/MSN program). Students must complete the Master’s degree within 6 years of the start of their first graduate course. If the Master’s program is not completed within these time limits, none of the graduate courses taken as an undergraduate will be counted toward the master’s degree. Permission to pursue an accelerated degree program does not guarantee an admission to the Graduate College. Admission is contingent on meeting eligibility requirements at the time of entering the graduate program.

Withdrawal/Ineligibility
A student may at any time withdraw from an approved accelerated program, by informing the Graduate Program Coordinator in writing. A copy of this should be sent to the Graduate College. If a student completes the Baccalaureate degree
requirements with an accumulated GPA of less than 3.0, then he/she is no longer eligible to pursue the accelerated program. Individual departments may have higher requirements and a failure to meet these requirements will make a student ineligible to participate in the accelerated program. A student who does not follow the approved Accelerated Degree requirements may become ineligible to participate in the accelerated program. A student who is ineligible to participate in (or withdraws from) the accelerated program, cannot double count any courses for both Bachelor’s and Master’s degrees.

EXCEPTION TO ACADEMIC POLICY

The Radford University Undergraduate Catalog is the basic authority for academic requirements at Radford University. All students are expected to follow the catalog in the pursuit of their degrees. On occasion, extraordinary circumstances may, however, justify minor departures from the catalog requirements. Students who believe their situation warrants a deviation from academic policy may petition for an exception. Students should consult with their advising coordinator to explore the feasibility of petitioning for an exception to academic policy.

Undergraduate students who need to petition for an exception to academic policy must fill out the Undergraduate Student Academic Petition form, available in advising centers. There are several academic requirements for which exceptions are never made, even through the academic petition process: the minimum grade point average (2.000) to graduate; the minimum number of semester hours (120) to graduate; the minimum number of semesters hours (45) earned at Radford University to graduate (unless the student is graduating under the provisions of an articulation agreement between RU and a Virginia Community college in which the possibility of graduating with fewer than 45 RU hours is clearly stipulated); the number of class withdrawals (5) a student may use; the number of repeats (3) permitted; the number of earned credits (60) at Radford needed to qualify for Latin Honors. In addition, students who are dismissed from the University for academic reasons (see “Terms of Suspension,” page 54) may not petition for re-admission.

The college dean of the petitioning student has the authority to approve or disapprove the student’s request for an exception to academic policy upon review of recommendations from the student’s academic adviser, department chair and instructor (as appropriate), and – if deemed necessary – in consultation with the Registrar. The dean will submit the form to the Registrar’s Office.
Radford University offers curricula leading to seven undergraduate degrees: the Bachelor of Arts, Bachelor of Social Work, Bachelor of Science in Nursing, Bachelor of Science, Bachelor of Fine Arts, Bachelor of Music, and Bachelor of Business Administration. For information about graduate programs, consult the Radford University Graduate Catalog.

In the Bachelor of Arts degree, emphasis is on work in the academic fields and the study of a foreign language is required. The Bachelor of Science, Bachelor of Social Work, and Bachelor of Science in Nursing degrees are offered for work in academic as well as in vocational and professional fields; the study of a foreign language is not required. Courses in professional education may be offered to satisfy a part of the requirement for the Bachelor of Science degree. The Bachelor of Business Administration degree is for students who wish to work in national or multinational businesses or prepare for graduate work in business. (See Academic Terminology for additional information about degrees, majors, minors, concentrations, options, and programs.)

For the Bachelor of Arts, Bachelor of Science, Bachelor of Social Work and Bachelor of Business Administration degree programs, the minimum requirement for graduation is at least 120 semester hours of passing course work. The Bachelor of Fine Arts and Bachelor of Music degree programs place a heavy emphasis on work in the major field. In these two professional degree programs, students may have to take course work in excess of 120 hours; thus, close consultation with the adviser is recommended (see p. 160).

In consultation with an adviser from a chosen discipline, undergraduates plan an academic program consisting of general education courses, major courses, and electives. Students should choose their departmental major as soon as possible and not later than the end of the sophomore year. At least half of the hours counted in the major and minor must be earned at Radford University.

Academic Terminology

Degree: A degree represents the academic level of a program and the general category into which it falls, e.g., Bachelor of Arts, Bachelor of Science. At Radford University, the term Arts in an undergraduate degree generally implies a language requirement. The minimum number of semester hours for a Radford University undergraduate degree is 120.

Major: A major represents a student’s principal field of study; that is, the academic discipline he or she wishes to study intensively, for example, Psychology, Music and Accounting. The range of credits required for an undergraduate major is 30 to 90 semester hours depending upon the field of study.

Program: The term program does not have a unique definition. One use of the term involves a combination of a major and a degree, e.g., Bachelor of Science in Chemistry or Bachelor of Business Administration in Accounting. Occasionally, a program may consist only of a degree and not have a specific major, as in the Bachelor of Social Work. Program may also be used in a more generic sense to modify degree/major combinations, as in Teacher Education Program.

Minor: A minor represents a student’s secondary field of study and is different from the major. This distinguishes the minor from concentrations and options. The range for the number of semester hours in an undergraduate minor is 15 to 24.

Concentration: A concentration is a field of study within a major. Some examples are: Ballet within Dance and Public Relations within Communication. The number of semester hours for a concentration varies, but are always included within the semester hours for the major. This distinguishes concentrations from options, which represent semester hours beyond the major.

Option: An option is a set of related courses and/or experiences that complement the major. The principal example is in education where Elementary, Middle, and other options complement the Interdisciplinary Studies major by preparing the student for a specific career path. As noted above, option semester hours are in addition to those for the major.

Requirements for All Degrees
To earn an undergraduate degree from Radford University, students must fulfill both general education requirements and the requirements associated with a specific degree and major, as well as sufficient electives to complete the minimum semester hours required for graduation.

General education requirements are detailed below. They are followed by an outline of requirements associated with specific degrees (B.A., B.S., etc.). Details of the requirements for specific degrees and majors can be found in the department sections in this catalog beginning on p. 73.

General Education Program
Radford University is committed to the development of mature, responsible, well-educated citizens. In addition to acquiring a diverse body of knowledge, such persons must possess a love of learning and a range of intellectual skills that enable them to meet the challenges and realize the promises of a complex, multicultural, and ever-changing world.

Goals
To fulfill the mission of the General Education Program, the university has designed a curriculum with a number of general and specific goals to be met by all undergraduate students.

Upon completion of the General Education Program, students should be able to:

• Think critically and creatively about ideas, issues, problems, and texts both within and across academic disciplines.
• Construct logical and persuasive arguments.
• Employ a variety of research methods and styles of inquiry.
• Use appropriate computer technologies to gather and organize information, to solve problems, and to communicate ideas.
• Work with others in a shared process of inquiry and problem solving.
• Identify the personal and cultural values that shape decisions in public, professional, and private life, and assess the ethical implications of those decisions.
In addition to supporting these six general goals, the 50-hour curriculum is designed to ensure that students gain knowledge, abilities, and experiences in eight broad areas of study: communication, fine arts, health and wellness, humanities, international and intercultural studies, mathematical sciences, physical and natural sciences, and social and behavioral sciences.

PROFESSIONAL PROGRAMS

Pre-Law

Radford University provides a program of pre-law advising for students interested in attending law school. Ordinarily, students must have completed a full four years leading to a bachelor’s degree before being admitted to law school.

In keeping with the Statement on Prelegal Education of the Association of American Law Schools, Radford University does not require specific courses and extracurricular activities for students planning to attend law school. Rather, Radford’s program of pre-law advising enables students to plan an appropriate undergraduate schedule to develop the basic skills and insights necessary for legal education.

Students considering a career in law should attend the information sessions for pre-law students, which are held each spring and fall. After attending a pre-law information session, students may consult the campus pre-law advisers, Dr. Robert Gill or Dr. Jack Call, for additional advice or information. Students should attend the pre-law information session early in their academic careers, preferably during their freshman year, for help in planning an appropriate undergraduate schedule.

Pre-Medical and Pre-Dental Programs

Most students who plan to attend medical school or dental school following graduation from Radford University major in either chemistry or biology. Other majors can be chosen, however, depending on student interests.

Medical and dental schools have as minimum requirements at least one year of biology, one year of general chemistry, one year of organic chemistry, one year of biochemistry, one year of physics and one year of calculus or other college math as specified by each school.

Pre-medical and pre-dental students should plan to take the Medical College Admissions Test or the Dental Aptitude Test during the junior year. Dr. Rhett Herman in the Department of Chemistry and Physics and Dr. Mary Roberts in the Biology Department serve as pre-medical and pre-dental advisers.

The Honors Academy is a Center of Excellence at Radford University that provides opportunities for faculty-student collaborative scholarship and recognizes outstanding student achievement. Each semester the Honors Academy offers courses that are populated by Honors Academy members and taught by faculty dedicated to designing classes that provide for enhanced student engagement in the subject matter of the course. Honors Coursework not only involves more hands-on activities, but also provide opportunities to enhance one’s critical thinking as well as oral and written communication skills.

To graduate in one’s major as a Highlander Scholar the student completes 27 of their credit hours toward graduation as honors coursework including a senior capstone project. The Honors Academy also supports a residential community in Floyd Hall and the Honors Academy Student Organization that provides forums for interaction among academy members.

Students who wish to learn more about the Honors Academy are invited to visit the Academy office in Floyd Hall or call Honors Academy Director Dr. Joe King, professor of psychology, at (540) 831-6125.

ENROLLMENT

Enrollment in honors sections is limited to students described below. New freshmen whose high school transcripts indicate the potential for academic success are invited to join the Honors Academy. Transfer students and current Radford University students who have demonstrated academic excellence are invited to join the Academy and to enroll in honors courses. Highlander Scholars who have already been admitted to the Academy may enroll. Finally, any other student who has written permission from the course instructor may enroll.

HIGHLANDER SCHOLARS

Highlander Scholars are students in the Honors Academy who are making progress toward completing the graduation requirements of the Academy. These exceptional students design an Honors Plan of Study (HPS) in collaboration with their academic adviser(s). The plan of study requires a minimum of 27 hours of honors courses and is subject to the approval of the appropriate department chair and the Honors Academy Advisory Group. The courses include General Education courses, a departmental component and a capstone project. The Honors Plan of Study is flexible and is compatible with course requirements in every department.

ADMISSION CRITERIA

Students who are not invited into the Honors Academy when they are admitted to the university may apply to the Academy after their first semester at Radford University. To be considered for admission, the following grade point averages are required: 3.0 for freshmen, 3.3 for sophomore class standing, 3.4 for junior class standing, and 3.5 for senior class standing. Moreover, at the time of admission, students must demonstrate the potential to complete Honors Academy requirements.

To retain their status in the program, Highlander Scholars must continue to meet eligibility requirements and make satisfactory progress toward completing the Academy’s graduation requirements.

REQUIREMENTS FOR GRADUATION

To graduate from the Honors Academy as a Highlander Scholar, students must have a minimum 3.5 overall GPA and complete at least 27 hours of honors coursework in accordance with the requirements listed below:

- 6-12 hours of General Education courses
- 12-15 hours of courses required in the major

For further information regarding requirements, deadlines, forms, contracts for honors work in the major, and the capstone project, visit the Honors Academy Office located in Floyd Hall.
SUPPORTING ENVIRONMENT

A joint effort between the Honors Academy and Residential Life has created a learning community in Floyd Hall.
