

The RU Cheerleaders have placed their apparel order and have received some to wear at community events. They visited a nursing home in Radford where they performed and played games with the residents. They also volunteered at Radford High School and taught their cheerleaders new stunts. They performed at a camp for "little cheerleaders" at Pulaski High School. Their next project is to do some "green" work such as Adopt a Highway. The cheerleaders are excited that Basketball season has started and Radford was picked to win the Big South!
