City as Text®
The City as Text® session is planned for Thursday afternoon, October 31, 2002. There will be several opportunities for those who are interested in discovering Salt Lake City and its environs. If you have participated in explorations such as these during the City as Text® programs and want to serve as aides, please complete the form below. Pre-registration forms will go out later in the spring.

Consultants Lounge
The Consultants Lounge continues to be a traditional and invaluable component of the annual conference. We welcome your expertise for Conference 2002. If you wish to participate, please fill out this form, stressing those areas about which you would be most willing to discuss (administration, curriculum, recruitment, funding, student programs, assessment, alumni connections, etc.) Student consultants are also desired. The student application must have the honors director's signature. Continuing and beginning members of NCHC greatly benefit from individual consultations with colleagues on a variety of issues. Each consultant, with three or four other participants, will be available for approximately one hour throughout Friday and Saturday. To avoid conflicts, the Consultants Lounge schedule will be organized after the conference program is completed.
